The Fresno Morning Republican

VOL. XL—NO. 53. FRESNO, CALIFORNIA, TUESDAY, AUGUST 22, 1911. PRICE FIVE CENTS

22 OUT OF 23 AMENDMENTS TO GO ON BALLOT

Attorney General Webb Directs Jordan to Place Them Before Voters.

ONE HAS BEEN KILLED

Ten-Juror Verdict Never Legally Adopted by Assembly Says Official.

SACRAMENTO, Aug. 21.—In response to a request from Secretary of State Frank C. Jordan, Attorney General Webb rendered an opinion today to the effect that twenty-two of the twenty-three proposed constitutional amendments shall go before the voters at the special election to be held on October 10th in the form as shown in the copies certified to Jordan by the officers of the last legislature. In the case of the other amendment, Senate constitutional amendment 13, relative to a five-sixths verdict in criminal jury cases, which was certified to Jordan as adopted, it is ordered that this amendment be kept from the ballot for the reason that it was never passed by the assembly.

Webb made his ruling known to Jordan over the long distance telephone this afternoon and Jordan requested that the attorney general send a telegram embodying the ruling and then he would give the word to the state printer to begin printing the amendments. But until 4 o'clock when Jordan's office closed, no telegram had been received, so Jordan will not take action until morning and not then unless he has heard from Webb.

Jordan stated tonight that he had no information as to what the attorney general's opinion is based upon or as to how he reached his conclusions, but he promises to stand by the ruling and expects to give the word tomorrow to start the presses at the state printing office.

WIRELESS PROMOTERS WILL BE TAKEN TO JAIL

NEW YORK, Aug. 21.—Christopher Columbus Wilson, Francis X. Butler and Wm. W. Tompkins will start tomorrow for jails where they will serve sentences for misusing the mails in defrauding investors in stock of the United Wireless company. Wilson and Butler will start for Atlanta, Ga., where they will serve three and two year terms, respectively in the federal prison; Tompkins will go to Blackwells island for a year.

The mandate of the U. S. Circuit court affirming the judgement of the trial court was received today.

OAKLAND RAILWAYS IS INCORPORATED

Capitalization of $27,000 Is Largest Ever Filed at Sacramento.

SACRAMENTO, Cal., Aug 21.—The Oakland Railways Company, a $27,000,000 corporation, filed articles of incorporation with the secretary of state today. As set forth in the articles, the company will deal in a general stock and bond and real estate business, and reserves the right to buy and sell all manner of personal property. The stock is divided into 100,000 shares of preferred and 170,000 shares of common, and of the common stock one share is taken by each of the seven incorporators, who have paid up $700. The incorporators all of whom reside in San Francisco, are John T. Fleming, S. Canham, L. Cosner, Lloyd L. Jackson, G. A. Fay, M. Schumtolz and A. B. Weyman. Regarded from the amount of capitalization the articles are the largest ever filed with the secretary of state.

The filing fee alone amounted to $2960.

MADERO REPEATS ATTACK ON REYES

Zapatistas Are Breaking Up Into Small Marauding Bands.

MEXICO CITY, Aug. 21.—Mustering out rebellious Zapatistas in the State of Morelos began today, according to a statement made at the president's office tonight.

Information procured by El Imparcial however indicates that few of the insurrectos reported to Francisco I. Madero in Cuautla and that their minor leaders are distributing themselves with a view to continuing their raids.

Madero, who is still in Cuautla says he has proof that General Bernardo Reyes was implicated in a plot with army officers to force a continuation of the revolt. President De La Barra has told Madero to place before him such data as he has procured.

ANTI-SEMITIC RIOTS CONTINUE; 30 ARE INJURED

NEWPORT, Monmouthshire, England, Aug. 21.—There was a recurrence at Tredagar tonight of the unaccountable riots against Jews which broke out Saturday night, when eighteen Jewish shops were wrecked and looted. The trouble spread tonight to Ebbvale and Rhymny, where Jewish shops were wrecked. Thirty persons were injured in baton charges by the police.

PHOENIX REJOICES OVER STATEHOOD

Monster Jollification Celebrates Signing of Bill.

PHOENIX, Ariz., Aug. 21.—The receipt of dispatches from Washington today telling of the President's signing the Flood-Smith resolution admitting Arizona and New Mexico to the union was the signal for an outburst from every factory and locomotive whistle in Phoenix, and taken up by church and school bells, the earsplitting celebration lasting for an hour. Tonight a monster non-partisan jollification was held on the city plaza under the auspices of the Phoenix Board of Trade.

Seven speakers participated in the program, three Democrats and four Republicans, but politics was taboo. The sole topics of discussion were thanksgiving for the successful culmination of the many years of struggles for statehood, and the future of the state. Telegrams were received and read to the audience from Governor Sloan and Judge A. C. Baker, who were both unable to attend.

The Statehood League, representing the progressive element in the recent statehood campaign, is planning another celebration for Saturday night.

ENGLISH STRIFE FAST ABATING

Only Small Bodies of Men Refusing to Go Back to Work.

LONDON, Aug. 21.—Industrial strife in the United Kingdom is abating. With a truce in effect on all the railway lines, except the London and Northeastern, the Board of Trade was occupied today in an endeavor to reach an amicable arrangement between the employes of this line and the managers, and also in trying to settle the strike of the South Side traders. It was announced tonight that both these controversies are in line for early adjustment.

There is much friction on some of the railroads over the impatience of strikers returning to work to be fully reinstated in their old positions, which in some cases, have been given to men who remained loyal to the companies when the walkout was declared. As a result there were several instances of disorder today in various parts of the Kingdom and decisions by small bodies of men to remain on strike.

Work on the London docks was in full swing today for the first time in three weeks, but it will be some time before the congestion of freight is relieved.

EXILE OF EDITOR AROUSES CUBA

Enemy of President Gomez is Deported to Spain.

HAVANA, Aug. 21.—The deportation to Spain Sunday night of Jose Maria Villaverde, managing editor of the Conservative organ Cuba, and his nephew Manuel Villaverde, a member of the editorial staff of the Cuba, has created great excitement throughout the island and everywhere is the universal topic of discussion.

Supporters of the administration cite in defense of the action of President Gomez a resolution adopted at an international conference held at Hamburg in 1891 to which it is alleged all the powers subscribed, declaring it the absolute right of any ruler summarily to deport a foreigner whose conduct shall be considered detrimental to the interest of a country.

They also point out as a precedent the deportation of Jose Pennino Barbato, an Italian adventurer charged with sedition, by order of the late President Palma. The opponents of the administration, however, declare there is nothing analogous in the two cases.

The Spanish minister is standing aloof from the controversy. He has made no representations to his home government, desiring first to ascertain the facts and also to decide whether the Cuban government is acting within its rights.

The impression seems to prevail that the administration proceeded with the deportation of the Villaverdes after consulting the Spanish minister.

HAVANA, Cuba, Aug. 21.—Local newspapers which are not hostile to the government either do not comment on the deportation last evening of Jose Maria Villaverde, managing editor of the Conservative organ Cuba, and his nephew Manuel, a member of the editorial staff, or approve the president's action. El Mundo declares that the only thing to be regretted is the fact that the offenders were Spaniards, between whom and Cubans there should exist the warmest ties of racial affection.

El Diu, the anti-administration paper the editor of which, Armando Andres, recently exchanged shots with President Gomez's son Miguel, denounces the action of the president as a colossal outrage without the least warrant in law.

The sons of Villaverde, who are Cuban born, announced today their intention to continue the publication of the Cuba and to pursue the policy of their father, who has persistently attacked the government. A few minutes before the Spanish steamship Alfonso III. sailed last evening for Spain, General Freyer Andrade and former Secretary of the Interior Antone Las Zuna, the conservative leader of the house, applied for writs of habeas corpus which were denied on the ground that the application failed to give the names of the persons making the arrest. The arrest was made by the secret police.

CONGRESS WILL END EXTRAORDINARY SESSION TODAY

Only Purpose in Meeting Again Is To Receive Cotton Veto

180 VOTES FOR BILL

Minority Report to Senate Favors Arbitration Treaties.

WASHINGTON, Aug. 21—The extra session of Congress will pass into history at 3 o'clock tomorrow afternoon.

Taft's veto of the cotton tariff bill is ready to be placed before both houses of Congress when they convene at noon tomorrow. Immediately upon its receipt, Underwood will move its reference to the ways and means committee. There it will lie undisturbed until the regular session of Congress in December.

Congress could easily have adjourned tonight, but the adjournment understanding was decided especially to accord to the President the courtesy of an opportunity to present his veto of the cotton bill before the curtain was rung down on a session replete with tariff revision activities.

A night session of the House after the disposition of matters on the unanimous consent calendar, Minority Leader Mann for more than an hour conducted a single-handed filibuster against an effort of Wilson of Pennsylvania to suspend the resolution and consider an investigation of the Taylor system of the scientific management of shops which is being introduced in government arsenals and navy yards. Mann finally permitted the resolution to be admitted after slight amendment.

WASHINGTON, Aug. 21—After a perfunctory debate of four hours, the House late today concurred, 180 to 17, in the Senate amendment to the Underwood cotton revision bill and sent the measure to President Taft.

The bill, which will be vetoed tomorrow, would have reduced the cotton tariff an average of 21 per cent ad valorem it bore schedules, tacked on by the Senate, reducing duties on iron and steel, cotton machinery and chemicals and providing reciprocal free admission of bituminous coal across the Canadian border.

The vote was along strict party lines except that eight Insurgent Republicans joined the Democrats. Most of the Insurgents who have been voting with the Democratic majority on tariff measures stood with the Regulars today, asserting that the Senate amendments had not been considered by a committee of either House.

The amended bill was considered today under a rule limiting debate to four hours and barring amendments. This rule, reported after unanimous consent had been refused for a resolution to the same effect was the target for forensic broadsides from Insurgent and Regular Republicans. The Democrats were accused of returning to a "gag rule" vigorously denounced when they were in the minority. Democratic Leader Underwood replied that he had made the arrangement with Mann and Representative Payne, ranking Republican members of the ways and means committee, who had said it would be satisfactory.

Underwood and Payne closed the debate on the bill. Underwood said the amended bill was not just what the majority wanted, but it was the best that could be procured under the circumstances. He said it was absurd to ask representatives of the people to "wait on the clerks and hirelings of the President" (the tariff board) before enacting tariff legislation.

OPPRESSIVE HEAT AFFECTS POPE PIUS

ROME, Aug. 21—A return of the oppressive heat wave today prevented Pope Pius from taking an intended outing in the Vatican gardens. His Holiness heard mass and conversed at length with Cardinal Del Val, papal secretary of state, and afterward worked longer at his desk than at any other time since he was taken ill.

The Pope today expressed a desire that he be again be permitted to hold private audiences, as there are some persons who have been waiting to see him since the beginning of his illness.

Corporations Complain of Double Taxes

SACRAMENTO, Aug 21—Upon the representation of insurance companies and other corporations that the city of Los Angeles has usurped the rights of the state to tax such concerns, and has tacked on an additional levy to the state assessment, the State Board of Equalization today cited that city to make explanation next Friday.

It is probable that City Assessor Mullard and City Attorney Shank will appear in behalf of Los Angeles. It is said that in some instances as high as 125 per cent has been added to the original assessments.

Attorney General Webb has advised that the companies pay the taxes under protest and sue the city for rebate.

CITIZENS SEIZE WATER RESERVOIR

Superintendent Resists Service of Court Injunction, Causing Uprising.

POCATELLO, Idaho, Aug 21—Defiance of a court order and an attempt to shoot the officer commissioned to serve it, brought to a climax today the feeling that has been running high throughout the summer over the alleged high-handed methods of the Pocatello Water Company against the consumers and the net result of the storming of the company's reservoir this afternoon are the arrests of Superintendent Winter and six other employes of the company, the enforcement of an injunction restraining the water company from further interference with the city's water supply and the proposed temporary possession by the city government of the water company's system.

On attempting to serve the court's injunction today at the reservoir, Deputy Sheriff James Francis was fired upon by Superintendent Winter. This so incensed the leading citizens of the community that they organized an armed posse and marched 150 strong to the company's plant. Here they arrested the defenders of the reservoir, who offered but feeble resistance.

Today's conflict followed the issuance of a restraining order by Judge Budge at his summer home on Bear Lake last Friday when he was represented that the city was practically without fire protection and that the water company had arbitrarily shut down the city's water supply.

The city in praying for the injunction against the water company set forth that Superintendent Winter was mentally irresponsible, and urged Judge Budge to name a receiver. This the court refused to do. The company is seeking permission from the city to install a meter system.

DRY-FARMING AS DROUGHT REMEDY

Specialist Shows How 8,896,000 Bushels of Wheat Might Be Saved.

COLORADO SPRINGS, Aug. 21.—Farmers of the United States needlessly threw away 8,896,000 bushels of winter wheat this year, not to mention an enormous loss in other farm products, simply because they failed to prepare against drouth by taking steps to keep moisture in the soil. This is the declaration of Secretary John T. Burns of the International Dry-Farming Congress, who is now preparing to conduct the Sixth Congress, which meets in this city next October.

Burns had just read the report of the United States Department of Agriculture for August, showing that loss under the 1911 crop. Before him lay a sheaf of wheat raised by J. M. Bradshaw of Peyton, Colo., who has just threshed an average of twenty bushels per acre from 100 acres, patches in which ran as high as fifty-seven bushels. On the Bradshaw land only four inches of moisture fell from the time this wheat was planted, September 2nd, to the day it was cut, July 15th, and there is not a live stream in twenty-five miles. This land was summer tilled, that is, carefully cultivated and the weeds kept down the summer before it was planted. This is one of the tenets of scientific dry-farming as taught by the Congress. It is applicable to every part of the land, says Burns. The average of all wheat in the United States according to the government is only 14.5 bushels, and the quality is 82 as against 92.6 last year. So there is nothing wrong with the 1911 wheat but lack of moisture.

"Every farmer in the land could have done as Mr. Bradshaw did with his little four inches of rainfall, had he been intelligent enough to study dry-farming methods and willing to do the necessary work," declares Mr. Burns. "Some day they will prepare to meet drouth as they do all other adverse phenomena of nature, and overcome it, too."

FOUND DEAD IN JAIL.

PORTLAND, Aug. 21—Perry M. Barker was found dead today in a cell at the Linnton stone quarry, the so-called city rock-pile. The coroner's physician pronounced his death due to alcoholic cerebral meningitis. Barker was 52 years of age, son of a well-known pioneer family of this city and well-to-do.

MEXICAN MINISTER DIES.

MEXICO CITY, Aug. 21—Justino Fernandez, minister of justice in the Diaz cabinet died last night at the age of 82.

IS OVER-SENSITIVE, SAYS WILSON OF CHEMIST DR. WILEY

Should Not Have Objected to Having Decision Overruled.

HEARING IS CLOSED

Secretary of Agriculture Blames Roosevelt for Syrup Decision.

WASHINGTON, Aug. 21.—The congressional investigation into the attempt to oust Dr. H. W. Wiley as head of the bureau of chemistry in the Department of Agriculture was closed today with the testimony of Secretary of Agriculture Wilson. The committee will hold an executive meeting tomorrow to consider its report.

Many times in his testimony today Secretary Wilson condemned Dr. Wiley's demeanor, charging that he was over sensitive because his findings on pure food and drugs were not accepted as final, but were occasionally referred to the referee board, of which Dr. Ira Remsen is chairman.

As he was leaving the stand, Secretary Wilson declared that he would rather resign his place than go through another bureau row.

The witness was not cross-examined by counsel for Dr. Wiley because of the relative positions of the two principals.

RUSBY AFFAIR

Secretary Wilson said he became suspicious of the employment of Dr. H. H. Rusby of New York, drug expert and storm center of the investigation, when he was shown a letter purporting to have been written by Dr. Kebler of the bureau of chemistry, telling Dr. Rusby that it would be all the same whether he worked one day or many. The employment had been approved by the secretary, but he said that he did not examine the details of the contract, leaving that to Dr. Wiley.

The secretary said he was now investigating a report that Dr. Rusby had accepted fees from drug importers for opinions regarding samples of drugs and had passed upon drugs later as the representative of the government. He said an inspector had reported that he had discovered one such instance. In testifying about the employment of experts, he said that in the coco-cola case the government had agreed to give an expert $1,000 for appearing in the matter, and later, the expert wanted $200 for expenses.

"I paid the expenses, because we had agreed to do so, and I issued an order that hereafter Dr. Wiley might select the experts, but Solicitor McCabe was to fix the rate of compensation," said the Secretary.

"CORN SYRUP."

The witness said Dr. Wiley seemingly wants to put me in a hole about the corn syrup case.

It was in this case that Dr. Wiley told the committee that three cabinet officers charged with supervisory duties over pure food and drug questions changed a decision of a pure food and drugs board as to whether a substance should be labeled, "glucose" or "corn syrup" after the decision had gone to print.

"Dr. Wiley has forgotten a conference he attended" said Secretary Wilson: He attended it and so did I. It was held at the White House in the administration of President Roosevelt. The President had an opinion about a person who thought the substance was not syrup."

Secretary Wilson then told how the three secretaries decided that the substance could be named "corn syrup," whereupon Representative Floyd suggested that they did it out of regard to the President's views.

"It is well for those under a man to listen to him or leave the service," replied the secretary.

NO COMMANDS TO WILEY.

Referring to the attempt to get Dr. Wiley to testify on the effect of benzoate of soda in the famous Indiana case when the Remsen board was requested by the secretary to testify, the witness said it seemed to him ridiculous.

"Dr. Wiley knows I never opposed his going any where," said the witness. "Why get me to order him to testify when he could go himself?"

"But haven't you just said you would regard such an act as insubordination?" the secretary was asked.

"Of any one below a chief of a bureau, not a chief."

John Ball Osborne, chief of the bureau of trade relations of the State Department, was called to substantiate Secretary Wilson's statement that Dr. Wiley had attended a conference with the French ambassador in which it was agreed not to enforce the law regarding sulphur dioxide in imported fruit juices until the Remsen board had passed on the subject. Osborne said Wiley was here as the representative of agriculture.

"I did not know he was there in any such capacity," said Wilson.

"Why did he go then?"

"I do not know. I guess because he was a friend of the French ambassador."

"If Dr. Wiley thought this was going to be injurious to invalids and others," the secretary demanded, "why did not he come to me and talk it over? Every other bureau chief I have does that."

Wilson was asked whether he consulted Dr. Wiley in apportioning bureau of chemistry money for the referee board. He said Congress appropriated the money with the idea of having a portion set aside for the board.

SCIENTISTS DISAGREE.

Secretary Wilson was asked if he had referred the copper sulphate question to the referee board without printing the report and the recommendation of the board of chemistry on this point.

"Yes, sir," said Wilson. "Dr. Wiley

(Continued on Page 2.)

8000 MEN IDLE BECAUSE OF LABOR CONTEST IN TEXAS

BEUMONT, Texas, Aug. 21.—Twenty-two sawmills in Louisiana and two in Texas have been closed and 8000 men are idle as a result of a move, it is said, in the fight waged by sawmill operators against the unionizing of their employes by the Brotherhood of Timber Workers. Incidentally the production of yellow pine timber has been reduced to approximately two and a half million feet a day.

Lumber dealers declare the closing of the mills will not work a great hardship in trade, as stocks are heavy and present prices low.

EAGLES IN FLOCKS IN SAN FRANCISCO

Attendance Will Reach 40,000 is Prediction of Officials.

SAN FRANCISCO, Aug. 21—With 500 delegates in attendance, the grand aerie of the thirteenth annual convention of the Fraternal Order of Eagles was opened in Eagles hall here tonight. One thousand more delegates will arrive tomorrow on special trains on, which thousands of visitors also are expected. It is believed that the total attendance will reach 40,000.

A continuous reception was held during the day by the local women's auxiliary and by the Oakland Aerie in Oakland. A general reception followed the opening session tonight. Night and day sessions of the grand aerie will be held every day the remainder of the week.

Many of the delegates were concerned in political activities involved in the fight for the presidency between Frank E. Hering, of Indiana, and J. E. Cusack of San Francisco, and a number of caucuses were held.

The entertainment features will include prize drills, a grand ball, theater parties, fire drills by the San Francisco fire department, sight seeing trips about the bay and a Spanish barbecue.

ATTEMPT TO GAG PURE FOOD DEBATE

Wiley Question is to Cause Strife at Duluth Gathering.

DULUTH, Minn., Aug. 21.—Only while the speeches of welcome and acknowledgement were in progress did peace prevade the meeting of the Association of State and National Food and Dairy Departments, which opened today at the Commercial club.

The Wiley investigation is likely to be one of the principal stumbling blocks to a harmonious meeting.

James Foust of Pensylvania put the Wiley case before the association in a resolution "that it is the sense of the association that it is unfitting that questions pertaining purely to the administrative actions of any of the government controls of which this association s composed shall be made matters of discussion n is proceedings."

The resolution was sent to the committee on resolutions, G. L. Emery, representative from Wisconsin, protesting that this was putting a gag on free discussion.

Emery charged that tremendous pressure is being brought to bear on the pure food men in the public employ by the special interests. "I am told," he said, "that before this convention assembled men were sent about the country interviewing the leading pure food men in the public employment. I do not know who is paying for this."

HITCH IN EFFORT TO END STRIKE

Liverpool Dockers Await Reinstatement of Fellow Employes.

LIVERPOOL, Aug. 21—While the question at issue between the dockers and ship owners were settled at a conference held today at the Cunard line offices, a hitch over the return to work of the men occurred tonight when the dockers refused to resume their duties until the tramway and electric light employes are reinstated.

This new phase of the trouble is considered to be only a temporary delay. The lord mayor has appealed to the Home Secretary not to relax the military and naval protection of Liverpool.

UNIONS VOTE TO STRIKE

PADUCAH, Ky., Aug. 21.—Two-thirds of the members of the Federation of Railway Employes of Illinois Central railroad and allied systems have voted on the proposal to strike, according to an officer of the federation who declared tonight that the vote stood in favor of the strike.

This vote follows the refusal of the railroads to treat with the federation's representatives. The railroads contend that they are concerned only with separate contracts with individual unions.

6000 MEN TO BE DROPPED FROM RAILWAY ROLLS

Two Thousand Espee Employes to be Let Out This Week on Coast.

BUSINESS IS SLACK

May Be Taken on Again in October if Conditions Warrant It.

SAN FRANCISCO, Aug. 21.—It was announced at the offices of the Southern Pacific Company here today that 6000 men will be dropped from the pay rolls of the Pacific divisions of the railroads before the end of September. Two thousand will be dropped this week.

The order to reduce forces was issued from the offices of Julius Kruttschnitt, vice president and director of maintenance and operation of the Harriman system, and all seven lines of the Harriman roads are affected. It was explained that the retrenchment was made necessary by slack freight conditions, short crops in the Northwest having left 165,508 cars idle.

It was stated at the offices of the company that the employes will be taken on again in October in the order of their seniority if conditions warrant such action.

CAR REPAIR YARD IS BRIGHT WITH LIGHTS

The arc lights placed in the Southern Pacific yards about the roundhouse and the car repair shops a week ago were turned on last night for the first time. The result was a great contrast to the previous lighting of the yards. There were formerly two arc lights of small capacity. The twelve big arcs were dazzling, and lighted up the whole neighborhood, so that the ground inside the stockade was flooded with light and the spaces between the trains of boxcars were the only ones not bright almost as day. A man could scarcely move in the yards without being seen by somebody.

FORTY HOURS A WEEK

KANSAS CITY, Aug. 21—Employes of the Union Pacific railroads in its freight houses and shops in Kansas City, Kan., began today a working schedule of eight hours a day, five days a week, in place of the old schedule of nine hours for six days a week.

The reduction in working time is said to be the result of an order from the head offices of the road to reduce expenses. About 200 employes were affected by the new rule.

VACATION ORDERS

OMAHA, Neb., Aug. 21—The suspension of 2500 employes of the Union Pacific Railroad Company on account of "retrenchment, announcement of which was made Saturday night, has not yet taken place, although conferences between heads of departments were being held this morning in preparation of the compliance with the order.

It was said at Union Pacific headquarters this morning that plans had not yet been worked out, therefore nothing definite could be made public. It is understood that the order applies not only to every department of the Union Pacific but that all the lines of the Harriman system will receive similar orders.

At this time many employes are taking, or are about to take, their annual two weeks vacation. These are given two weeks vacation with pay and an additional two weeks without pay. In railroad circles the hope is expressed that at the expiration of these vacations, conditions will be such that most of the employes can be called back to their old positions.

PRISON TERM COMMUTED

WASHINGTON, Aug. 21.—President Taft today commuted the prison sentence of Isai Ilkedie, a Japanese, and his wife, who helped the federal authorities to break up a notorious white slave gang in Honolulu. Both are now serving terms in the Hawaiian prison but by the President's action will be released January 1, 1913.

WOULD ABOLISH SECRET CAUCUSES

Democratic Leader Proposes Reform in Party Proceedings.

WASHINGTON, Aug. 21.—The Democratic members of the House in caucus tonight discussed the plan of Representative Underwood to open to the press the party caucuses of the House.

The result was the appointment of a committee composed of Representatives Underwood, James of Kentucky, Palmer of Pennsylvania, Hardy of Texas and Speaker Clark who will report to a Democratic caucus early in the regular session.

Underwood urged that open caucuses would be for the best interests of the party and for the successful conduct of legislative affairs.

TRIAL OF BEATTIE FOR WIFE MURDER IS BEGUN

Father of Accused Man Sits With His Son In Court.

CHESTERFIELD COURT HOUSE, Va., Aug. 21.—Quick action marked the opening today of the trial of Henry Clay Beattie Jr., on the charge of murdering his wife while with her on a motor car ride one month ago. Twelve jurors were selected before court adjourned, but four of these will be challenged by the defense. Beattie pleaded not guilty.

All motions of the defense for postponement were denied and motions to quash the indictment were overruled. Neither Beulah Binford, the 17 year old girl in the case, nor Earl Beattie, the prisoner's cousin and one of the state's chief witnesses, were brought into court today, both remaining in their cells in the Richmond jail.

Henry Clay Beattie Sr. sat beside his son and followed the proceedings closely. Few words passed between him and the prisoner, who showed little or no nervousness when the indictment was read.

At times young Beattie whispered suggestions to his lawyers and frequently scanned with interest the extras giving details of the proceedings.

GOVERNMENT MONOPLANE CARRIES TWO MEN

FREDERICK, Md., Aug. 21.—Dashing through the air at almost a mile a minute, a United States army monoplane came into this city today from College Park, Md., bearing Captain De F. Chandler and Lieutenant H. H. Arnold, two of the army's corps of aviators, on one of the longest trips yet made by a government machine carrying a passenger. The two officers covered the forty-two miles between the army aerodrome at College Park, near Washington, and this city in forty-seven minutes. The trip was in connection with the District of Columbia national guard encampment here.

How Do Your Eyes Feel Today?

Every day that you neglect to give your eyes the attention that they demand you are making it harder and harder to successfully treat them. Now is the time. Just a little while and your eyes can be restored to normal if taken in time. Just a little while and your eyes will be permanently impaired if you continue to neglect them. Let me examine them now. Don't wait. Delay increases the expense and may put it beyond the power of man topair the damage.

EXTRADITION OF PRYCE TO BE DECIDED TODAY

Governor of Lower California in Consultation With Authorities.

LOS ANGELES, Aug. 21.—General C. Rhys Pryce, leader of the insurrectos in Lower California, during the recent revolution, will appear before United States Commissioner Van Dyke tomorrow to hear whether or not he will be extradited to Mexico to Fac echarges of murder and arson in connection with the last stand of the rebels at Tia Juana. Pryce's examination was commenced today but was interrupted by the plea of his consul that the case be dismissed, and after hearing a lengthy argument, Commissioner Van Dyke took the matter under advisement. General Manuel Gordella Escudero, recently appointed governor of Lower California to succeed Celso Vega, was in Los Angeles today and consulted with Assistant District Attorney McCormick.

FOREST FIRE AGAIN RAGES

BANNING, Cal., Aug. 21.—Fanned by the night desert wind, the fire which rekindled among the ashes of last week's blaze in the Cleveland forest reserve burst out of Snow Creek canyon tonight and swept fiercely up the east wall of the San Jacinto mountains. The rugged and almost perpendicular sides of the mountains, it is feared, will hamper the work of the fire fighters that have been rushed to the scene by the rangers, until the flames are firmly settled in the big timber on the peaks.

The rangers tonight wired here for large supplies of provisions indicating that they expected a long and hard fight against the fire. Unless the flames are headed off at the east branch of Snow Creek tonight there is grave danger that thousands of acres of valuable pine timber will be burned over. The region is a wild and rugged one and all summer and health resorts have been abandoned. Men were slow to volunteer as fire fighters today on account of dissatisfaction with their pay for the last fire and the rangers may find it necessary to make a forcible draft.

LOS ANGELES TO HAVE POSTAL SAVINGS BANK

WASHINGTON, Aug. 21—Twenty first class postoffices were designated today by Postmaster-General Hitchcock as postal savings banks. Among them is Los Angeles, Calif.

At the close of business August 18th the United States had accepted from depository banks as security for postal savings deposits bonds aggregating $8,103,238. The treasurer had on hand bonds aggregating $2,770,000, which were being invested.

In the first twelve days of their operation the four first class postoffices designated as postal savings banks received in deposits aggregate sums as follows:

New York city, $53,029; Chicago, $108,316; Boston, $36,722; St. Louis, $19,081.

STEAMER TRIAL POSTPONED.

SAN FRANCISCO, Aug. 21.—Owing to the continued illness of United States Inspector Bolles, the trial of Captain J. O. Faria of the wrecked steamer Santa Rosa, was not resumed today, but was postponed until Wednesday.

It Is Easier to Save the Hair

YOU HAVE THAN TO GROW NEW.

The tendency to put off until tomorrow what we should do today accounts for most of the bald heads we see in the front row.

Newbro's Herpicide stops failing hair and prevents baldness. The dandruff germ is destroyed by its use and a condition of health maintained in the hair and scalp.

Nearly every one has hair troubles of some description which Herpicide will always correct. Don't wait until it is too late.

It is conceded to be the standard hair remedy and is recommended and applied by all the best hair dressers and barbers.

One dollar size bottles sold by all druggists under an absolute guarantee.

Send 10c in postage for sample and book about the hair to The Herpicide Company, Dept. R., Detroit, Mich.

San Joaquin Drug Company, Special Agents.

IS OVER-SENSITIVE, SAYS WILSON OF CHEMIST DR. WILEY

(Continued from Page 1)

had made an investigation. So had a young man named Woods in the Bureau of Plant Industry. These two scientists did not get within gunshot of agreeing. When scientists don't agree, I must go slow."

The secretary was asked why he had the members of the referee board go to Denver to address a pure food convention. He said the members of the convention had been criticising the administration and he wanted the delegates to notice the difference between a small chemist and a big one.

"The Remsen board was on trial in a way and I felt it a good plan to have these high priced chemists tell what they were doing and defend us," said the secretary.

Secretary Wilson was asked about Dr. Robinson's becoming persona non grata with the department.

"When you start out to drive a six-horse team you won't get far if each pulls in a different direction," began Secretary Wilson. "I don't propose to have subordinates go off in tangent after having a question decided by these great scientists. I propose they shall work in line or keep still about it."

BOX CAR SMASHES THROUGH A HOUSE

Collides With Bed in Which Couple Were Sleeping With Baby.

SANTA BARBARA, Cal., Aug. 21.—Smashing its way through a house after having left the railroad track, a box car, which broke away from a freight train last night, collided with a bed in which John Fields, his wife and their baby were sleeping. The bed was driven through a wall into another room but none of its occupants were hurt. Fields' house, however, was almost completely wrecked.

The car was one of a string being shunted onto a switch which runs near the Fields place. It leaped the rails and after ripping a wing off the house plunged into the bedroom. The trucks struck the bed and forced it through an adjacent partition wall, but its iron frame withstood the shock and saved the lives of its occupants.

INSANE MAN TORN BY LIONESS IN ZOO

LOS ANGELES, Aug. 21.—Tormented by the hallucination that assassins were about to strike him down, Gus Filner, a patient at a sanitarium here, sought refuge today among the lions of the Eastlake Park Zoo, and was seriously wounded. The man tried to force his way into a cage of lions. He thrust both arms in and an enraged lioness promptly stripped the flesh off one of them. His left thumb was torn from his hand.

Filner was rescued by a keeper and hurried to the receiving hospital. The surgeons fear he will be stricken by blood poison. There is grave danger also of rabies.

BAKERSFIELD TO HAVE POSTAL SAVINGS BANK

WASHINGTON, Aug. 21—Seventy first class postoffices were designated today by Postmaster General Hitchcock as postal savings banks, making thus far ninety first class offices named.

In the list designated today to begin operations on September 25, are Bakersfield and Santa Barbara, California.

FARMER MANGLED IN THRESHING MACHINE

AUBURN, Cal., Aug. 21.—William Bosse was killed by a threshing machine today by being drawn into the cylinder and mangled.

Bosse's family history was one of tragedy. His parents were burned to death twelve years ago and his wife was killed in an automobile accident last year. Three of his children sustained broken arms at various times and one child had three fingers cut off.

WND STORM IN KANSAS.

LEON, Kan., Aug. 21—A severe wind storm swept over this district today, destroying a number of barns and other small buildings. No one was injured.

Just Try a Ten Cent Box of 'Cascarets'

Salts, Calomel and Cathartic Pills Are Violent—They Act on the Bowels as Pepper Acts in the Nostrils.

We all need a laxative sometimes. How often we need it depends entirely on how we live. If we exercise largely and eat the right food, we need a laxative only occasionally. But if we live indoors, and get too little laxative effect in our food, we may need to get it quite frequently in some other way.

Nobody can doubt the need for a laxative. The only question is: Which one is the best? And that isn't a question now. Cascarets are known to embody the only laxative which acts in a gentle and natural way. Castor oil merely greases the bowels. Cathartics and salts, acting as pepper acts in the nostrils, flush the bowels with fluids. But these fluids are digestive juices, and we will lack them tomorrow if we waste them today.

Cascarets alone cause the muscles of the bowels to act the same as some foods will do. Carry them with you. Take one when you need it. You will then enjoy all the good effects of keeping the bowels clean. They are sold by all druggists, but never in bulk. The price is ten cents per box.

MINORITY UPHOLDS ARBITRATION TREATIES

Senate's Prerogatives Preserved Declare Three Senators.

WASHINGTON, Aug. 21.—The treaties of arbitration with Great Britain and France were defended in minority reports filed in the Senate in executive session by Senator Cullom, Root and Burton of the Senate committees on foreign relations. Burton contended that the agreement required no amendment, because, as he declared, the prerogatives of the Senate are sufficiently safeguarded.

The minority took issue with the majority report, declaring for the elimination of the portion of the treaty giving the joint high commission power to determinate the arbitration of character of any differences between this country and other countries. In his report Burton declared it would be impossible to ever have occasion to refuse approval of the arbitration of a question which the commission had reported to be within the scope of article one. He added that the clause in question did not deprive the Senate of any constitutional right.

While asserting he was sure of his ground, Burton said the Senate could protect itself by adding a declaration that its approval had been given on the "distinct understanding that the foregoing interpretation is the correct meaning of the clause or if prefered, specific exception could be made of questions not regarded as justifiable."

The statement presented by Senators Cullom and Root contained the declaration hitherto proposed by Senator Root in connection with the treaties. It is intended to be a part of the resolution of ratification and is as follows:

"The Senate advises and consents to the ratification to the said treaty with the understanding to be made a part of such ratification, that the treaty does no authorize the submission to arbitration of any question which depends upon or involves the maintenance of the traditional attitude of the United States concerning American questions or other purely governmental policy."

As originally presented, the amendment specifically includes the Monroe doctrine among the questions to be excluded from arbitration but in the draft introduced today that subject was omitted, evidently under conviction that it is included in the general terms of the declaration.

AUTO PLUNGES OVER SEVENTY FOOT BANK

Party of Four Have a Remarkable Escape in Colorado.

GRANT, Colo., Aug. 21.—A. B. Dunlap and N. T. Gilbert, president and vice president of the Lawton state bank of Lawton, Okla., with their wives, miraculously escaped death yesterday when their automobile plunged over a seventy foot embankment into Pine creek, near here.

Mrs. Gilbert struck on her head in the creek and was badly cut and bruised but not seriously hurt. The others composing the party were practically uninjured. The accident was caused by defective steering gear.

COLORADO SEIZES WYOMING SHEEP FOR BACK TAXES.

RAWLINGS, Wyo., Aug. 21—Sheep men of Carbon county, Wyo., are up in arms over the action of Routt county, Colorado, authorities in seizing 40,000 sheep belonging to Wyoming sheep men with the avowed intention of holding them until the owners pay three years' back taxes.

Heretofore Wyoming counties have paid Routt county what was considered a fair sum for the time the sheep were grazed in Colorado.

IN CONSULAR SERVICE.

WASHINGTON, Aug. 21.—The President sent to the Senate today the nominations of James Dubolse, Halstead, Pa., at present consul general at Singapore, to be minister to Columbia, and Thomas P. Moffatt of New York to be consul general at Singapore.

A THEATER IN THE PALACE OF THE POPES.

The palace of the Popes at Avignon is known to all over the world. For a long time it was used as barracks, and thereby suffered very considerably by alterations and constructions. Much of the interior decoration was damaged in putting up partitions, etc. Then a better state of things arose. The French government had the place restored and this was done with discretion, and the building was placed in the custody of the municipality of Avignon. The civic fathers seem to wish to turn their trusteeship to account, and it seems that they are in negotiation with a theatrical manager to have performances in the "historic building. When the weather permits, the representations will be given in the grounds, but in inclement seasons the halls are to be used for entertainments.—From the London Globe.

MAKING A VACATION PAY.

The best investment that many men make during the year is represented by the expense of their vacation. They are paying out money and earning nothing, but they are putting themselves in superb condition for great business on their return. They are overhauling their physical and mental machinery, renewing, restoring, lubricating, polishing the delicate bearings and putting them in a condition to run smoothly and noiselessly for the balance of the year.

There is no investment which pays such great dividends as keeping one's physical condition up to the highest standard—upon this hangs all our success and happiness.

The right kind of a vacation multiplies the power and effectiveness of all the faculties; it increases courage, confidence, self-respect; in fact every success and happiness faculty. Could there be a better investment?—Orison Swett Marden in "Success Magazine."

DIPLOMACY.

A North Dakota German farmer aspiring to fill an appointive office, wanted to keep on good terms with both parties. At ten on election night the result was still uncertain when he was called upon for a speech.

"Ve meets," he said, "to celebrate dis glorious victory. Ve knows not yet vich vay it goes.—Hurra!—Hurra? Hurra!"—From "Success" Magazine.

INDIAN GIRL IS DRIVEN NAKED THROUGH STREET

Tribal Custom Shocks Residents of a Suburb of New York.

NEW YORK, Aug. 21.—A Tuscarora Indian maiden who is in the care of the police matron today will be sent back to the Tuscarora reservation this week to have her troubles settled by her own people. The girl came to the attention of the police following the receipt of several telephone messages from a suburban district saying that a young girl was being driven nude through the streets.

A motorcycle policeman hurried out and soon located the disturbers, who proved to be three Indians. An aged squaw and a young brave of about 25 years were riding slowly along in a wagon and the girl, destitute of clothing, was walking ahead of the horse.

The older woman explained that she had objected to the attention the young brave, her second husband, had been paying to his stepdaughter, and took this method of punishing the girl, in accordance with an old tribal custom.

ONLY THREE KILLED BY DAKOTA TORNADO

GRAND FORKS, N. D., Aug. 21.—Latest reports show that only three persons were killed in the series of tornadoes that swept over portions of Bottineau and Renville counties in North Dakota yesterday. The list of injured has been cut down to thirty.

"I EXPECTED TO DROP DEAD ANY DAY"

says Mr. R. H. Wise of Clark Wise Music Co., San Francisco, "from intense pain around my heart due to gas, but one bottle of Baalmann's Gas Tablets cured me completely, never having even a remembrance of my past experience."

This is only one of the many acknowledgments of the pronounced success of Baalman's Gas Tablets in curing (permanently) gas around the heart. When your stomach is full of gas and distended, it presses against many other organs, the lungs, liver kidneys, but more seriously against the heart. That causes palpitation, interference with your blood circulation. When you have bad circulation your fingers and feet get numb, go to sleep and feel cold, nervousness follows and general apprehensive, anxious feeling with dizziness. All this comes from gas, and if you suffer like Mr. Wise did, you can be permanently cured with one 50-cent bottle of Baalman's Gas Tablets.

You may have taken bottle after bottle of stomach medicines, but you have never taken anything like Baalman's Gas Tablets, because they are new and represent the latest conception in the treatment of gas around the heart. Try them.

These peculiar tablets are sold for 50c a bottle by nearly every druggist. If not in stock, tell him to get them for you from his wholesaler, or send 50c in silver, stamps or money order to the Hahnemann Pharmacy Co., 324 Sutter St., San Francisco, Cal.

I'm Glad to Be At Home

Climate!

About one month ago, I had my pockets lined with money; so the thought came to me to take my annual vacation and hunt up some climate.

The S. P. R. R. took me to Long Beach at reduced rates, where I found lots of Fresno people on a similar shopping excursion. After being relieved of my money I returned to Fresno and discovered that we have a superior article of climate at home, and that I can buy it for 50 cents on the dollar of what it has cost me in the South. I am not hollering about my money being gone. This is simply to remind you that although we make but little noise, we are selling our suits at the same ratio as our climate is quoted above. I will give you some more news about climate and clothes in my next. In the meantime come to the Most Reliable Store for your clothes and furnishings.

Had to Wear My Overcoat to Write This

My last message to you about our Fresno climate has aroused scientists the world over. Here comes Sir Oliver from across the water and tells us that escaping electricity is the cause of changing our climate. He evidently has never been in Fresno to form the acquaintance of the San Joaquin Light and Power Co., otherwise he would not make such a reckless statement. We of Fresno know that nothing escapes them without collecting for it. So far we have heard of no philanthropist who is turning electricity loose for the benefit of the poor people of Fresno. Chas. Chambers will tell you that our climate has been changed by the many irrigation ditches. Being somewhat of a scientist myself, I will investigate this matter thoroughly and let you know. In the meantime, I will give you scientific facts about clothes over which there can be no dispute. The Most Reliable Store will sell you better clothes for less money than any other store in Fresno.

We're Going to Zapp's Park

Having promised to tell you more about the reasons for the change of our climate, I have started my investigating genius and learned that Sir Oliver and Chas. Chambers were both wrong.

By comparing I have discovered a great similarity between our present climate and the article they have been selling around Los Angeles. Some people will tell you it is impossible to move a climate from one locality to another, but Willie is not one of them. These Los Angeles people are liable to do most anything. Moving a climate or kicking against a reduction of traffic rates against a neighboring city is child's play for them. I have discovered that Los Angeles capitalists have been buying large tracts of Fresno county land, which they are subdividing into 20 and 40 acre lots. For advertisement purposes they have moved their climate to Fresno, and by next year you will find Los Angeles land speculators selling Fresno county climate, giving every purchaser a 20 acre lot free. This may be a surprise to you, but you will find still greater surprises when in need of a good suit to call on the Most Reliable Clothier.

"Willie," with

News From Central California

MANY PROTEST AGAINST INCREASED ASSESSMENT

Visalia Trustees May Not Get Money for New Fire Engine.

VISALIA, Aug. 21—The board of city trustees is not yet decided as to whether the 25 percent increase in the assessment will be ordered. After a two session this morning when numerous protests were voiced against the proposed raise, the board took the matter under advisement. Alfred Daggett and T. E. Clark, well known attorneys, declared that the board had no power to make a blanket raise such as contemplated and that the only recourse to obtain the new fire engine was by a bond issue. This afternoon, however, City Attorney H. T. Miller expressed the opinion that the board did have such right, whereupon it was hinted that the raise might be made. The fact that it is not believed that bonds could be carried and the further fact that the election cost would be considerable are reasons for not calling the election.

FORMER VISALIANS MARRY IN OAKLAND

VISALIA, Aug. 21—Word has been received of the wedding of L. Chambers and Miss Lillie Dailey, both formerly of Visalia, which took place in Oakland Saturday. The groom was until a few years ago, a prominent business man of this city, disposing of his affairs and going to San Francisco where he will be henceforth identified with a large insurance firm. The bride has been for several years a teacher in the Washington school in this city. Both are well known locally.

Mr. Chambers left for the Bay city Friday last and the nuptials followed soon after. Mrs. Chambers has not yet sent in her resignation as a teacher in the local schools.

BUYS ALFALFA LAND TO RAISE CATTLE

PORTERVILLE, Aug. 21—F. C. Darr, formerly of Shattuck, Oklahoma, has purchased from Premo & Reedy 160 acres of alfalfa a mile south of the Poplar store, for $27,500. As a part of the consideration he gave a quarter section of land near his former home of Shattuck, this being put in for a valuation of $5000.

It is the purpose of Mr. Darr, who took possession immediately, to engage in the raising of blooded cattle.

LOOK OUT—for breakers ahead when pimples, boils, carbuncles and like manifestations of impure blood appear. They wouldn't appear if your blood were pure and your system in the right condition. They show you what you need—a good blood-purifier; that's what you get when you take Dr. Pierce's Golden Medical Discovery.

It carries health with it, for it invigorates the liver, purifies and enriches the blood, and rouses every organ into healthful action. It cures the most stubborn forms of Skin Diseases, such as Salt-rheum, Eczema, Tetter, Erysipelas, Carbuncles, and Kindred ailments, and Scrofula in every shape, and all blood-taints. Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and so cure the disease. Easy to take as candy.

LASH'S BITTERS
BEST TONIC LAXATIVE

TO EQUIP EMERGENCY PHONES FOR AUTOISTS

Call for Help Boxes to Be Placed at Every Mile on Poles.

PORTERVILLE, Aug. 21—Road officers of the Auto Emergency service or automobile club which is an offspring of the Southern California Auto club—were here today to mark out the long distance telephone poles which are to be equipped with the emergency telephones to be used by the club.

On poles at least every mile, and closer on thickly travelled roads, there will be a box which will be opened by a key furnished to all members. The autoist carries a special type of telephone which can be attached to a plug in these boxes. If he is stalled on the road, needs a new tube or a spark plug or any service from a garage, it will be necessary but to locate one of the poles carrying the emergency plugs, call up the club's garage and order the needed material, or if unable to proceed, order a heavy car to tow him in.

Installation of the phones is to be started about September 1st, and the club anticipates running a line of them through this city and Exeter and Lindsay.

HOLD S. S. RALLY IN REEDLEY CHURCH

REEDLEY, Aug. 21.—A large audience attended the Sunday school rally at the First Mennonite church last night. J. M. Sundermann gave an account of the preparation on the part of the city of San Francisco for the thirteenth International Sunday school convention. The International association has within its bounds 16,500,000 Sunday school pupils, 53,000 conventions were held during the last year, said the speaker.

A. C. Eymann declared that there were 191 who delivered addresses on the regular program of the convention, and some of the speakers like Dr. J. Wilbur Chapman spoke as many as twenty times. Rev. Rufus Keyser closed the rally with an address in which he reported on the following subjects,—the Bible, Evangelism, Personal work, Temperance and the Convention Offering. He said that in one and one-half hours the convention raised $175,000. Music was rendered by the union choir, the anthem, "The Ransomed of the Lord shall Return and Come to Zion," being nicely sung.

LEAVITT BUYS LAND IN WOODVILLE DIST.

PORTERVILLE, Aug. 21—R. J. Leavitt, who recently sold his Poplar holdings at a figure said to approximate $200,000, and who is now involved in a big lawsuit with the purchaser, Major H. M. Russell of Los Angeles, has again purchased lands in this district and may again return here to engage in the dairy business in which he was very successful during his two years of residence in this district.

By a deal which was closed last week, Mr. Leavitt is now the owner of a half section of alfalfa lands in the Woodville district, half of which is already in alfalfa.

It is said to be Mr. Leavitt's intention to develop the remainder of the tract and make his future home there.

LIFT QUARANTINE ON TULE INDIANS

PORTERVILLE, Aug. 21.—Today for the first time in several weeks Indians from the Tule reservation visited this city, the quarantine for smallpox being lifted. A. P. Edmundson, Indian agent and schoolmaster, has returned from his trip to the east and in company with Dr. O. C. Higgins, the reservation physician who was acting agent during Edmundson's absence, made a tour of inspection. No new cases were discovered and as all the patients were at the stage when there is no longer any danger of contagion being carried, the restrictions were raised.

DOCTORS FAILED TO HELP HER

Cured by Lydia E. Pinkham's Vegetable Compound

Pound, Wis.—"I am glad to announce that I have been cured of dyspepsia and female troubles by your medicine. I had been troubled with both for fourteen years and consulted different doctors, but failed to get any relief. After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I can say I am a well woman.

I can't find words to express my thanks for the good your medicine has done me. You may publish this if you wish." —Mrs. HERMAN SIETH, Pound, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and suffering women owe it to themselves to at least give this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

PERSONALS IN NEWS FROM THE TOWNS OF CENTRAL CALIFORNIA

TULARE

TULARE, Aug. 21—R. Wightman and H. G. Brown returned last Saturday night from their trip to the mountains. They have been gone for several weeks and report having had a fine trip.

A. J. Walter, C. L. and Herbert Damron, John Smith, Jr., Charley Smith and Joe and Walter Renaud leave today by wagon for a trip back into the mountains, to Kern Lakes, where they will spend about two weeks on an outing.

Miss Grace Richardson spent Sunday in Visalia with Miss Fewel and other friends.

Mrs. J. C. Virden and daughters left last night for Madera to spend a short time with Mrs. Virden's mother.

Mrs. A. A. Hall and her granddaughter, Villa Thomas, left yesterday for Santa Cruz for a week's visit with Mrs. Hall's daughter.

Misses Della, Ethel and Gertrude Purcell, Carl and Arthur Purcell leave today by wagon for a trip back into the mountains to be gone for about a week on an outing.

Jos. Hogrefe, Sr., member of the firm of Hogrefe & Son, returned today from a trip to Colorado. Mr. Hogrefe has been there for about two weeks on business.

Ed. Bowen, a son of M. L. Bowen of this city, is here for a day or so visiting with his parents. Mr. Bowen is a traveling salesman out of San Francisco.

Mr. and Mrs. Sam Henson, who have been living here for several months, left today for Richmond.

Miss Eunice Ray is here from Famosa for a week or so visiting with Mrs. E. C. Weidman.

Allen Woody and his family arrived last evening from Pismo, where they have been spending a little vacation, stopping here last night and leaving this morning for Kern. Mr. Woody is a son of J. H. Woody of this city, and is one of the supervisors of Kern county.

R. E. Keeler returns this evening to Long Beach, where he and his family have been for several weeks on a vacation. Mr. Keeler was only here for a day or so on business.

Will Weidman left Saturday night to attend the Eagles' convention.

J. N. Shryock and wife have gone to San Francisco, where Mr. Shryock will attend the Eagles' convention.

J. P. Alverson left Saturday night for San Francisco on business for a few days.

O. G. Ray and wife of this city and Mr. and Mrs. James of Visalia left Saturday night in an automobile for San Francisco on a vacation.

Ed. Jennings of Coalinga came over this morning on a short vacation. His family has been stopping near this city for the past few weeks.

L. D. Holford returned Saturday night from Portland, Oregon, where he and his wife have been visiting for the past six weeks. Mrs. Holford stopped off at Sacramento to visit friends for a few days.

Mrs. R. C. Odell returned last night from Long Beach where she has been for several weeks on a vacation.

F. M. Hopkins and family, Ed. Bell and family of Corcoran, Miss Ruth Williams and Nellie Hopkins returned last night from the mountains above Springville where they have been for about a week. They all report having had an excellent time.

S. J. Stidd, who has been here on a short business trip, left today for Visalia.

Mrs. Chas. Blais leaves tonight for San Francisco, where she will spend a few weeks on a vacation.

SELMA

SELMA, Aug. 21.—Dr. Fred H. Williams and his father, J. W. Williams, returned last night from their vacation in Oregon.

Herman Kraemer and family have returned from their summer vacation spent at Ocean Park and southern beaches.

Frank B. Howard is arranging to take his family to San Diego, where they expect to take up their residence, to be nearer Mr. Howard's cattle interests in the Imperial Valley.

IS UNDER ARREST ON SERIOUS CHARGE

VISALIA, Aug. 21—John Leggett of near this city was taken to Marysville by Deputy Sheriff Hauser of that place this morning to answer a charge of felony in which the 13-year-old daughter of C. W. Millard is complainant. Millard, the father, recently attained some notoriety when he was brought here from Marysville to answer a complaint charging him with taking mortgaged horses from the county with the intent to defraud the mortgagee. He paid a part of the mortgage, and was permitted to go back to Marysville, promising to pay the balance at an early date.

Leggett worked for Millard while here and later accompanied him north to Stockton and later to Marysville, where he remained from about March until recently.

ROBT. MARTIN DIES AT ADVANCED AGE

Robert Martin, aged 88 years, and for over twenty years a resident of California, died yesterday at his home at the corner of First and Thomas streets. He was a retired rancher and a widower.

Martin is survived by the following children: Mary Martin and Mrs. Lillian Dillabaugh of Fresno; W. B. Martin of El Paso; Mrs. Ernest Boering of Petaluma, and Mrs. J. C. Livingston of San Pedro. Funeral arrangements have not yet been made.

FINISHES COURSE IN EYE TREATMENT

REEDLEY, Aug. 21—C. F. Howell, who recently finished his course of study in the Southern California College at Los Angeles, where he received the degree of doctor of optometry, has returned to Reedley. Dr. Howell had previously finished a course of instruction in the Colorado College in Denver, where he received the degree of bachelor of arts. After completing the course in Los Angeles it was necessary to pass a rigid examination before the state board. In this test Dr. Howell was successful, receiving high marks.

Though Dr. Howell has had some very tempting offers to take up his chosen profession in other cities, he has decided to remain in Reedley.

MEXICANS CHARGED WITH PETTY THEFT

Too Many Pairs of Trousers Lead to Their Capture in Lodging House.

HANFORD, Aug. 21—P. Ortegas and Jesus Guerra are locked up in the county jail charged by a complaint filed this morning by L. Stranch, the owner of a clothing and gents furnishing store in this city, with petit larceny.

The two Mexicans were arrested yesterday by Marshal Frederick. They had been occupants of room No. 17 in the United States Lodging house the night before and a report has been made by a lodger that $30 had been stolen from his room. John Floris, the proprietor, was on the lookout during the day for clues and while making up the bed of Ortegas and Guerra he found three new pair of trousers, beneath the mattress, while another brand new pair hung upon the wall. He notified Proprietor Floris and the latter arrested the men when they returned to their room late in the afternoon. Stranch identified two pair of the trousers and also identified one of the men as a man who came into his store Saturday afternoon and bought a pair of suspenders. He says the man bought nothing else and that he thinks he had a companion with him, the store was crowded at the time.

BOY FALLS FROM WAGON, IS INJURED

HANFORD, Aug. 21—Nelson Meadows, the 16 year old son of J. B. Meadows of the Lakeside district south of this city was badly bruised and lacerated when he fell from the load of hay which he was driving from the field to the stack at the Richardson ranch at 11 o'clock this forenoon. Richardson, his employer had gone ahead to open a gate and did not see him until he was under the wheels. He stated that the front and rear wheel on one side ran over the boy. At the office of Dr. W. B. Charles in Hanford two hours later he was thoroughly examined, it is the opinion that he sustained no internal injuries.

BONES TO REST WITH HIS ANCESTORS

HANFORD, Aug. 21—The funeral services over the remains of Chun Ming, one of the pair of Chinese shot by robbers at the Nom Sing truck garden a mile west of Hanford a week ago Sunday night, were held at the Sam Yep cemetery today and the body thereafter was returned to the Rice undertaking parlors, where it will be prepared for shipment to China tomorrow or next day.

The three injured who since the shooting have been at the Hanford sanitarium have been removed to San Francisco by their countrymen, where they will be placed in the care of Chinese surgeons. Two of the men are able to walk about, but Wing Fong an elderly celestial is still in a bad way, having been shot through the leg near the thigh.

RACE HORSE KILLED IN FALL ON STREET

HANFORD, Aug. 21.—A valuable young mare being trained for the coming fair race meet at the Hugh Morgan stables at the fair ground met death in Hanford about 7 o'clock this morning in a peculiar way. Her trainer had saddled and bridled her and tied her to a post near the track. While he was returning to the stable the animal took fright and broke loose. She ran from the fair grounds into town and reaching the asphalt pavement slipped and fell, breaking her hip.

INCREASE EQUIPMENT IN SELMA CANNERY

Ripening of Peach Varieties at Same Time Force Enlargement.

SELMA, Cal., Aug. 21—Although the cannery built here this year by Libby, McNeil and Libby is one of the largest in the state, it has already become necessary to increase the capacity of the plant by 25 percent. Owing to the shortage of the peach crop from frost this season it was figured that the equipment installed would be more than sufficient to care for the peaches coming into Selma. The peculiarities of the ripening season, however, has caused both early and late peaches to come in at very nearly the same time, instead of throughout a season as usual. Although the local plant ships many peaches from this place to its Sunnyvale cannery, the deliveries for the past few days have been more than could be cared for and a new line of shaker boxes and syruping machinery had to be installed. So urgent was the demand that 2500 pounds of machinery was rendered by express yesterday morning and mechanics were brought from the bay to assist in the installation of the machinery. By working last night the machinery was in commission this afternoon and sufficient additions made to the cutting force and packers to keep up with the increased output.

CHANGE OF RECTORS IS MADE AT HANFORD

Rev. McLaughlin Goes to San Diego; Rev. Scher Succeeds Him.

HANFORD, Aug. 21.—Rev. P. F. McLaughlin, rector of St. Bridget's church, has been sent by the Rt. Rev. Thomas J. Conaty, D. D., Bishop of Monterey and Los Angeles, to form a new parish at City Heights, San Diego, this making the third parish for the Catholics of San Diego. Father McLaughlin has been stationed in Hanford three years and a half.

The Rev. Phillip Scher of Montecito, rector of Mount Carmel, is to succeed Rev. McLaughlin at the St. Bridget's charge, the change taking place during the week.

FREE WILL OFFER BY INSURANCE MAN

PORTERVILLE, Aug. 21.—Damages, in the amount of $15, were paid to the city fire department today by a traveling adjuster for the company which carries the risks on the city's auto fire apparatus, the offer of the company being voluntary and no member of the department or of the city council was aware that the city had a valid claim.

The adjuster was also making a round of inspection. When he came into the central engine house and noted a few places on one of the engines where the paint is blistered, he asked the cause. He was told that the car had been run too close to a fire at which it was working and the blisters were caused by the heat. Thereupon he ordered the machines repainted as much as necessary to cover the blemishes and securing an agreement from a painter to do the work for $15, drew a check in payment of that amount.

Second Day of Our
Final
Clean-Up Sale
Of Summer
Garments

It is impossible to tell you about the many bargains offered at this sale. All that we ask is that you take a look at our show windows where the garments are all price marked, or ask one of the many ladies who attended yesterday. Never before have summer garments been offered at such low prices.

Come today expecting to find the biggest bargains this season. You'll not be disappointed.

More New Crepe Gowns
At 98c and $1.35

Another shipment of those popular crepe gowns just arrived. They come in white and plain pink and blue. Some have small white sailor collars trimmed with lace. These garments are becoming very popular as they need no ironing. See them in our corner windows.

WONDER

Children Can Cook
No Danger With An Electric

ELECTRIC stoves are positively without danger to the users. Children can use an electric stove in learning to cook. They will be perfectly safe. There is the smallest possible danger of getting burned and there are none of the hazards common to ordinary stoves.

Let the children learn to cook with an electric. They will enjoy it and at the same time be perfectly safe. Every girl should learn to cook. When the learner uses an electric it is so pleasant that great progress is made.

San Joaquin Light & Power Company

The Cook's "Day Off."

You have to give her a day off from the hot kitchen. The cook's "day off" is generally an "off day" for the entire household. It is a day of short rations and unsatisfied hunger. It need not be an "off day" if you have

SHREDDED WHEAT BISCUIT

in the home—the food that is ready-cooked, ready-to-serve, full of nutriment and easily digested. You can prepare a delicious, nourishing meal with Shredded Wheat Biscuit and Triscuit without building a fire in the kitchen. Place two Biscuits (whole or crushed) in a deep dish and cover with berries of any kind—raspberries, blackberries, huckleberries or other fresh fruits—and then pour over them milk, adding a little cream and sugar to suit the taste. Serve Triscuit instead of ordinary toast with butter, soft cheese or caviar. It is a crisp, delicious snack for the Summer days.

Shredded Wheat is ready-cooked, ready-to-serve. It is made of the whole wheat steam-cooked, shredded and baked—nothing added, nothing taken away—the cleanest, purest, most nutritious of all cereal foods.

NOT A CLASS CASE

Governor Johnson yesterday honored the requisition of the Governor of Indiana for the return of Detective James Hosick to Indiana for trial on the charge of kidnapping John McNamara.

The governor presumably was correctly informed as to the law of the case, which probably left him no discretion, but even if it were a matter open to his judgement, the justice of the case was perfectly plain. Hosick is under presentation, in due form, before the courts of Indiana, for what is there charged to be a crime. Whether it is a crime, and whether he is guilty of it, is for the courts of Indiana, not the governor of California to determine.

But in every substantial sense, the same argument applies to bringing McNamara to California. He may have been brought irregularly, and the irregularity may have been accomplished by a criminal violation of the laws. If that is the case, those who committed the violation of the laws must take the consequences. That is a question which the courts of Indiana will now determine, and we in California need not be further concerned about it. But no possible determination of that issue can have any bearing on the rightfulness of McNamara's being brought to California to stand trial on a charge brought against him in California. It it should be determined that he was brought here in an illegal manner the conclusion is merely that he ought instead to have been brought here in the legal manner. In either case, he would now be here and would now be on trial. The situation as it stands would be exactly as it is, whether it be ascertained that all the formalities were complied with, or that there should have been additional ones. That question is doubtless worth determining, by itself, for its own sake, but it has no practical bearing whatever on the other issue of the rightfulness of bringing McNamara to trial, in California. A man properly arrested, in the ordinary course of events, may have an incidental case against the policeman for assault, if the policeman used unnecessary violence, but that has nothing to do with the validity or propriety of the arrest itself.

Particularly mistaken is the language of a resolution adopted by the typographical union in San Francisco. The resolution says:

"For the kidnapping and forcible entry of Mr. McNamara's office, the drilling of his safe, the examination and theft of his official papers, your committee expresses its indignation and abhorrence. WE ASSERT THAT SUCH AN OUTRAGE WOULD ONLY BE ATTEMPTED AGAINST AN OFFICIAL OF A LABOR ORGANIZATION."

This resolution was adopted in San Francisco, in the very city in which, not over two years ago, the very same detective, William J. Burns, committed the identical "outrage," against Patrick Calhoun, who is certainly not an "official of a labor organization." Men have been kidnapped in San Francisco—not the constructive kidnaping, charged in the McNamara case, but actual physical abduction—and they were not labor union men. The chief example of forcible entry, under process of law, to seize incriminating evidence, was made in the case, not of a union man, but of the only capitalist in San Francisco who ever destroyed a labor union. These things are, to be sure, not made right or wrong by being committed for or against a member of any class. But it is a pernicious appeal to prejudice, and in this case is transparently untrue, to pretend that such things are only done against one class. The attempted inference is that since this class is denied its rights under the law, it should seize them outside the law. And that is the most dangerous suggestion that could be made, to free men, in a free country.

'CLERKS— HIRELINGS'

That was a fine piece of buncombe yesterday when Chairman Underwood said in Congress that it was "absurd to ask representatives of the people to wait on the clerks and hirelings of the President before enacting tariff legislation." It sounds fine, for purposes of congressional oratory, but it is all bombast.

As a matter of fact, these holy representatives of the sacred people must constantly wait on "clerks and hirelings" of somebody, before doing their most ordinary acts. They have to wait on their own "clerks and hirelins" before approving their own journals. They have to wait on "hireling" printers, before they can pass a bill. Most of the testimony they take on tariff questions has of necessity come from the "clerks and hirelings" of various industries, because these despised persons are in the nature of things the only persons in possession of the necessary information. No board of directors of a private corporation, representing the "sovereign stockholders" of that corporation, would think of determining an important business policy without waiting on their "clerks and hirelings"—in other words, their bookkeepers—to report the balance-sheet of the corporation's finances. The appropriations committees of Congress of necessity wait on the "clerks and hirelings" of the treasury department, to find out how much money there is to spend. A mining company must rely on some "hireling" assayer, to find out whether ore is enough mineral in certain ore to be worth smelting. And if Chairman Underwood were chosen Emperor of the World, he would very properly wait on the "clerks and hirelings" of the weather bureau before deciding when conditions were propitious for his imperial aeroplane progress around his dominions.

It is not a question of authority, but of knowledge. These "clerks and hirelings" are selected experts, charged with the task of ascertaining certain ascertainable facts, without which intelligent action on the tariff schedules is impossible. Chairman Underwood's election to Congress does not automatically endow him with knowledge of these facts, nor exempt him from the need of having that knowledge as a basis of intelligent action. We shall never have a satisfactory tariff policy until the preliminary investigations are regularly made by a sufficient staff of just these "clerks and hirelings," whose business it is to find out the facts, and who do find them out.

It is a fine, lordly thing to plunge ahead blindly, without looking where you are going. But it is a swifter and safer thing to ride on a train whose clear track is provided by "hireling" train dispatchers. And the special train, bearing the directors of the road, is precisely the one which demands the most careful looking out by these "clerks and hirelings of the president."

WILL BEAR WATCHING

If the state of California had anything but a pinhead for secretary of state, or if that pinhead were relying on some less malicious advisers than Walter Parker and Leroy Wright to supply his brains, the final imperative ruling yesterday of Attorney General Webb on Jordan's constitutional amendment muddle would have been superfluous. The ruling was, of course, that all the amendments which passed the legislature shall be placed on the ballot correctly, as they passed. That is obviously the only proper course, and no other idea would have occurred to an intelligent and unbiased mind. But as matters stand, it may not be amiss to suggest that the attorney-general would do well to go to Sacramento and see in person to the carrying out of his instructions. Jordan is not seeking to find out what the legislature did, but to discover some way to defeat what the legislature did, and he has very astute advisers to help him in that purpose. If there is a single copy of any one of those amendments which, at any stage of its consideration came from the printer with uncorrected typographical errors in it, Jordan will try, if he can, to find some excuse in the language of Webb's opinion to permit him to select that copy, so as to get the typographical errors on the ballot. A general instruction not to do this may not be sufficient. But since Jordan has offered to accept the attorney-general's instructions, the surest way to give those instructions would be to stand over him personally, point to the correct copy, and say—"print this, this way." It is not necessary for Jordan to understand the reason; he couldn't anyway, if he tried, and he would not try. But since he has agreed to take orders, the orders might well be made so definite as to be unescapable. Otherwise, the ballot might be jobbed even yet. And while such a trick would risk Jordan his job, that would be small compensation for defeating the purpose of an election. Jordan, in his present environment, will bear watching.

PARROT SAVES LIVES OF TWENTY PERSONS

Cries Arouse Inmates of Tenement to Danger From Fire.

NEW YORK, Aug. 21.—A talented green parrot gave an alarm of fire in a ten story Madison Ave., apartment house early today and saved the lives of twenty persons who would otherwise have been suffocated by the dense smoke which filled the upper floors of the building.

The parrot, owned by Henry W. Dearborn, Secretary of the Hudson-Fulton celebration association noticed the smoke shortly after midnight and roused its master by calling repeatedly "come on Henry; come on; come on."

The fire was in the apartment just above. Mr. Dearborne wakened his family and ran with the parrot cage under his arm to the street, where he found a policeman. The blue coat manned the elevator and rushing through the upper floors of the building, roused all the occupants. The blaze was confined to the two apartments, causing a loss of $50,000.

HAWAIIAN PRINCESS HAS BECOME NUN

NEW YORK, Aug. 21.—Sister Mary Alida, a real princess in the garb of a nun is in New York city today on her way to Hawaii, where she will enter the house of the Sisters of the Sacred Heart in Honolulu. She is a born Hawaiian of royal blood and has been staying in France for six years. Her mother, a princess only two steps removed from the Hawaiian throne, married Wung Leong, a wealthy Chinaman. Their daughter, who was regarded in Hawaii as a great beauty, decided on becoming of age, to go into the church. She is a talented musician and artist and speaks eight languages.

UP-TO-DATE.

Uncle Mose, a plantation negro, was being asked about his religious affiliations.

"I's a preacher, sa," he said.

"Do you mean," asked the astonished questioner, "that you preach the gospel?"

Mose felt himself getting into deep water.

"No, sah," he said, "Ah touches that subject very light."—From "Success Magazine."

BRIEF EDITORIAL FANCIES SELECTED

Exposure of Graft

Governor Johnson is consistent in his determination to deal summarily with all big interests who have been robbing the people of California for years. His announcement that vigorous effort will be made to eliminate the Text Book Trust will be received with delight by the people of California, who have paid tribute for years to the School Book Ring, which is one of the most arrogant and pernicious combinations in America.

The system of paying royalties on the trust publications should be abolished. It is surely possible for the State of California to secure the services of competent school book writers who could in a reasonable time prepare a series of text books equal to the best owned or controlled by the nefarious monopoly that at present is collecting revenue from the parents of school children in this State.

Dr. Burk, of the State Text Book Commission, was authorized by Governor Johnson to proceed at once to put an end to the outrageous plundering tactics of the book ring, at the same time promising full power of the administration to help him in the task before him. This is good business and the people of California will be grateful to Governor Johnson for the stand he has taken against a band of pirates that has operated successfully through all the years of its existance with the aid of county school superintendents and educators who are the paid servants of the people.

Taft's Veto Injudicious

We agree with everything the President says in his message to Congress vetoing the bill admitting Arizona and New Mexico to statehood, in so far as it presents a convincing argument against the recall of the judiciary. Favoring as we do, the principle of the recall for other elective officers, we cannot regard it when applied to the judiciary as other than a mistaken reform, one that threatens grave danger to our free government.

The people of Arizona were not given an opportunity to pass upon the radical feature of their new constitution separately. Eager for statehood, they accepted the constitution as a whole because they were given no alternative except to reject it as a whole. Congress and the President were then placed in a similar position. Arizona was warned repeatedly that the President would veto the bill if the recall of the judiciary was included. The new state could have easily adopted it afterwards, on a vote which would have shown the real wish of the people. But the Democrats in control of the constitutional convention were determined to risk everything, rather than abandon their purpose.

We admire the courage of the President in vetoing the bill and approve his uncompromising opposition to this heresy. At the same time, it would have been more judicious, in our opinion to have signed the bill. The people of Arizona are entitled to statehood. It is their business whether they recall their own judges or not. If this provision were not included in the new constitution they would have the undoubted power to add it later. Every state in the Union has that power.

It is the duty, of course, of Congress and the President to see that the constitution of a new state is in harmony with the federal system and with a republican form of government. The recall of the judiciary, it may be argued, is not in harmony with the principle of an independent judiciary, which is one of the fundamentals of our government. But if that be true, no state has the right to adopt the judiciary recall, and this contention has not been raised.—Sacramento Union.

Fortifying the Alimentary Canal

Between a poisoned and battered national alimentary canal and the dopers of human food, one heroic figure has interposed his bulk of brawn and brain. Hammered unmercifully within and without the department of agriculture, Dr. Harvey W. Wiley has withstood the assaults of millionaire purveyors of adulterants and poisoned food and the disgraceful intrigue of associates. Whether the venerable secretary of agriculture actively participated in the scandalous plotting to strip the pure food administrator of his power and hurl him from office, a discredited man, or merely condoned and officially winked at such efforts he has outlived his usefulness and should follow Ballinger to oblivion. The attempt to unseat Wiley and throttle his aggressive administration, of a law designed to protect the American stomach from the ravages of drugged food, will fall and those who schemed for his destruction should be forced to walk the plank. Dr. Wiley undoubtedly has made mistakes like every other official who acts and does what he conceives to be his duty. But he has never deserted his post as a policeman to national digestion and good health. His valient fight for purity in the commerce destined for the American alimentary system, should give him the right to, still command the fortifications that guard the most important canal known to mankind.—Pasadena News.

VOLCANIC ASH FOR BALLASTING RAILWAYS

SAN FRANCISCO, Aug. 21.—Near Black Butte, in the Shasta mountains between the stations of Weed and Sisson, California, the Southern Pacific Company has uncovered a huge deposit of volcanic ash that has proved unusually fine ballasting material. It was discovered already broken into the proper size for ballast and the company has just completed ballasting that part of its line over the Siskiyou mountains with this material. It is of a pinkish color, porous, yet has a great deal of weight and its porous qualities make it perfect for drainage of the roadbed, that part of the road upon which it is being used being exceptionally well drained during the rainy seasons.

EASY WAY OUT.

The day was sultry, the spectators were restless, and the judge irritable.

"The next person," he said, "that disturbs the order of this court will be sent home to stay."

"Hurrah! Hurroo!" yelled the prisoner on trial, jumping up and down in the witness box.—From Success Magazine.

THE WINE INTERESTS MUST FIGHT BY THEMSELVES FOR THEMSELVES

The organized wine-makers of the State of California propose to raise $25,000 to be spent in an educational campaign for protection against the Anti-Saloon League.

As a believer in true temperance, as a friend to the wine industry of California, The Bee desires to say to its wine-makers that they need to protect themselves from certain influences and conditions within as well as from any attacks from without.

The wine-makers of the state of California cannot win this fight unless they make it a battle in the interest of real temperance.

They cannot convince the people of California of the sincerity of their declarations in this regard so long as their association remains wedded to those of the whiskey producers; so long as they are with the whisky interests in an alliance offensive as well as defensive; so long as they permit the general public to believe Whisky and Wine are Siamese Twins in this State.

They cannot bring public opinion under their flag so long as there is a general belief that any of the wineries appealing, through the wine associations, for the sympathy and the moral support of fathers and mothers, are their owners, controllers, or the friends and protectors of dives.

The wine industry of the State of California must come before the Homes of the State of California with purified hands.

It must divorce itself from an alliance with Whisky.

It must clean house. It must rid itself of all who are owners, controllers or shielders of dives. It must weed out all who are law-breakers.

It must make its fight by itself and for itself—on merit. It must not handicap itself by trying to carry on its shoulders the weight of the saloon.

And the wine industry of the State of California must frown on all boycutters within its ranks, or representative of its campaign.

For instance, the Pacific Wine and Spirit review is threatening the Fresno Republican with dire calumities at the hands of the wine industry unless it sing very small on its declaration that "the best way for the wine men to avoid the bullets which are being fired at the saloons is not to line up in the direction where these bullets are flying."

Which is very good and very sensible advice.

But the Pacific Wine and Spirit Review thus threatens:

We regard Mr. Rowell as either a veiled enemy or a dangerous friend of this great industry, and the sooner the brainy men who have built up the industry get the Fresno Republican properly classified and deal with it according to its deserts, the better it will be for the industry, and we think they are going to do this without much further loss of time.

All of which is clutted nonsense.

The wine industry of California will have enough to do to battle against its enemies without adding to its burdens by turning on its friends who dare to offer it advice which may for the time be unpalatable.

The very name of the organ making this silly threat against the Republican—the Pacific Wine and Spirit Review—lends color to The Bee's belief that Whisky proposes Wine shall fight and win or fall with it.

It is the "Spirit" side of the Review editorializing—not the "Wine."

Again The Bee says to the wine interests of California: Divorce yourself from Whisky, and go into the fight for protection and for real temperance alone, clean, and uncontaminated.—Sacramento Bee.

SWARM OF HONEY BEES RAID CHURCH

Congregation Holds Services on Lawn Rather Than Fight Insects.

CHICAGO, Aug. 21.—A swarm of honey bees held at bay the pastor and congregation of the German Lutheran church of Grosse Point, a suburb, yesterday and they were compelled to hold services on the lawn in front of the church.

Rev. Ambroze Gootzelle was the man who discovered the swarm of bees. He arrived at the church early and unlocked the front door himself. But he did not step inside. As he pulled the door open a bee started at him. He paused. Another bee charged and then another. Within there arose a hum and the battlecry of the swarm. He turned and fled. Members of the congregation saw their pastor in the middle of the walk as they approached.

"There's a swarm of bees on the inside of the front door," he explained. "We'll have to drive them out." Volunteers to make war on the bees were called for, but no one seemed eager for the task. Finally, the pastor suggested that it was a fine day and that the services be held outdoors.

The suggestion was agreeable and the congregation sat on the lawn, while the minister preached.

WARNS AGAINST EMPTY VACATIONS

Just Loafing and Overeating Declares Harvard Lecturer.

BOSTON, Aug. 21.—Just now when everybody who can is getting away from office, shop or factory for a vacation at the shore or in the country and when more fortunate folk are passing the entire summer in leisure, comes a warning from Dr. Dudley A. Sargent, of Harvard, who says that many vacationists would be better off if they stayed at work.

Harvard's physical culture expert points out that in a large number of cases the vacation means simply a period or loafing and over-eating, of gossiping on hotel verandas and making desperate efforts to kill time.

"To abolish vacations," says Dr. Sargent, "would be an unpopular measure, I know, but it would be better for many individuals.

"In many cases the vacation is more harmful than beneficial. The people who devote a fortnight or more each summer to idle loafing and over-eating come back to work more tired than when they went away."

QUEEN IS SEVERELY STUNG BY WASPS

Ena of Spain is Not Recognized by Royal Husband.

LONDON, Aug. 21.—Queen Ena of Spain passed through London this week absolutely unrecognized. This failure of recognition was not due to any attempt to preserve an incognito, but to the simple fact that her Majesty was unrecognizable.

The secret lies in the one word — wasps.

The English are particularly fond of declaring that one can take one's ease in the country even in the tropical spells without being annoyed by the venomous insects against which one has to wage a perpetual war in the United States, but, while it's true mosquitoes are practically unknown, it is equally true that wasps—wops as they are vernacularly known—are much in evidence. And so the Queen of Spain found.

The English wasps are indeed the plague of English house parties, one of whose standard pleasures is that of taking tea and marmalade on the lawn. Queen Ena was a guest of the Duke and Duchess of Westminster at Eaton Hall, and while enjoying the afternoon reception the party was attacked by a swarm of wasps.

All the party were attacked but Queen Ena was the center of a particularly vicious attack and before the hostess and guests could escape she was so badly stung in the fact that it swelled out of all recognition. So disfiguring were the swellings that Alfonso, who had been spending a few care free days with ex-King Manuel and his mother at their Hampton Terrace residence, scarcely knew the swollen features of his wife.

Kin Hubbard, the Indian humorist once was assigned to cover a performance of "Uncle Tom's Cabin." Hubbard had his brain-child, old "Abe Martin," report the play. This was the critique: "'Uncle Tom's Cabin' played down t' Melodeon Hall last night. Th' dogs was good, but they had poor support."

"The residents of a neighborhood in Harlem were surprised the other morning when on their way to the railway station they noticed this sign hanging in the window of an undertaker's establishment:

"Why walk around in misery when you can be comfortably buried for $35?"—New York Sun.

THE WEATHER

SAN FRANCISCO, Aug. 21.—Forecast: San Joaquin valley: Fair Tuesday; not so warm; light west wind.

GENERAL CONDITIONS

Considerable change will be noted in the weather map since last Saturday. The low pressure area then just entering the Canadian northwest in this morning prominently centered about Winnipeg, accompanied by cloudiness and rain extending south to the Gulf. Rainfalls in excess of one inch are reported from Edmonton, Prince Albert, New Orleans, Charleston and Hatteras for the past 24 hours. Showers fell in the state of Washington, Northern Arizona and Colorado. Temperatures generally have risen east of the Mississippi and about the great lakes. The advance of high pressure over the plateau has given somewhat higher temperatures for Fresno. The mean temperature for the week ending this morning was 76 degrees or 5 degrees below normal.

Fair weather may be expected for Fresno and vicinity tonight and Tuesday with moderately high temperatures.

G. W. Underbrough, proprietor of a Mariposa street lodging house, was arrested last night by Patrolman Cronkhite and charged with drunkenness.

Funeral services over the remains of Nelson Dobson, infant son of Edward Dobson, were held yesterday afternoon from the chapel at Stephens and Bean's parlors.

John Elmer True, son of E. E. True of 3632 McKenzie street, died last night at the family home. He was 20 years of age. Funeral arrangements have not yet been made.

Mrs. Katherine Chute, aged 44 years and a native of Ohio, died yesterday at her home at 727 J street. The funeral will be held Wednesday and the time and place will be announced later.

J. Hagerty appeared before Acting Police Judge Beall late yesterday afternoon and pleaded not guilty to a charge of disturbing the peace. He was returned to jail in default of $30 bail.

Funeral services over E. Kamahara, a Japanese restaurant proprietor, who died yesterday, will take place this morning at 10:30 from the Japanese Mission on Kern street. Deceased was 25 years of age.

Chinese funeral services over Jung Chun, a Chinese vegetable merchant who was killed by a horse Friday, were held yesterday afternoon in Chinatown. Interment took place in Mountain View cemetery.

Street Superintendent Thorp began yesterday grading, surfacing and oiling that portion of Kearney boulevard which is within the city limits, continuing the like work done at the other end by Supervisor Jorgensen.

A missionary rally will be held at the Grace M. E. church corner of Ralsina and Inyo streets, September 7 and 8. All the children of the Grace M. E. are requested to meet on Thursday afternoon for rehearsal at 4 p. m.

Permits to build granted yesterday were for the following construction work: Contractor Lew Smith for a $500 garage on Lots 8-9, Block 10, of Alhambra tract for W. E. Caraine and to William Mertens, a $750 barn on Lots 17-22 city block 4 for Frank Allarazia.

Day Desk Sergeant Frank Dore, who has been away on a two weeks' vacation, returned yesterday and will assume his duties this morning. Frank Truax, who has been acting as day desk clerk, will return to the desk tomorrow night and Patrolman Maher will retire to his beat after acting as night desk clerk. Patrolmen Broad and Davis are out of the city on their vacation.

Acting Police Judge Beall of Clovis yesterday presiding in the absence of Justice of the Peace Smith, turned loose the petty criminals that were brought before him for vagrancy, drunkenness and disturbing the peace. Those who were released with suspended sentences hanging over their heads were: D. M. King, William McMurtry, Louis Golden, William Rodgers and Charles Neadry.

CHUTE—In Fresno, 727 J street, August 21, 1911, Mrs. Katherine Chute, aged 44 years, a native of Ohio. Funeral Wednesday.

D. & R. G. ROAD MUST PAY FOR STOLEN TIMBER

DENVER, Colo., Aug. 21.—By a decision handed down today by Federal Judge R. E. Lewis, the Denver and Rio Grande railroad will have to pay a large sum to the Federal government for timber trespasses committed years ago when the road was built.

The government filed suits in 1902 claiming that the road with its subsidiary railroad and lumber companies took advantage of the grant of 1872, which permitted it to cut trees from adjacent public land for the building of its road in southwestern Colorado.

It accused the road of going far into the interior and of building railroads of a temporary nature in order to get at the richest timber lands.

AUTO DRIVER IS KILLED PRACTICING

ELGIN, Ill., Aug. 21.—Ralph H. Ireland, driver of racing automobiles, was killed and his mechanician, Frank O'Brien, was seriously injured today on the Elgin road race course.

The accident occurred in practice for the automobile races next Friday. Ireland was pounding over the road at a rate of 75 miles an hour when a tire burst. Both were taken by other drivers and hurried to a hospital. Ireland did not regain consciousness, dying three hours after the accident. Physicians say that O'Brien will recover.

ROOSEVELT DOES NOT WANT A NOMINATION

PITTSBURG, Aug. 21.—Former President Theodore Roosevelt in a letter to Alexander P. Moore, editor of the Pittsburg Leader, made public today says:

"I must ask not only you but every friend I have to see to it that no movement whatever is made to bring me forward for the nomination in 1912. I should esteem it a genuine calamity if such a movement were undertaken."

The Leader has been advocating the nomination of Mr. Roosevelt for President in 1912.

FIND PRECIOUS STONES IN FRESNO COUNTY

Benitoite, New Gem, Found in Only One Place, Northwest of Coalinga.

That Fresno county may become famous for precious stones as well as for gold, oil and fruits, is indicated by a recent bulletin of the geological surveys. A stone that has recently come into much favor with jewelers has been given the name of Californite and is found in Fresno, Tulare, Siskiyou counties and along the Feather river.

Another new California mineral gem is found in just one place—northwest of Coalinga, between the Fresno and San Benito county lines. Before this stone, Benitoite, was definitely determined by Dr. G. D. Louderbeck as a new stone, it was variously stated to be volcanic glass to sapphire. When the mineral is cut as a brilliant, in addition to its natural fine blue, it flashes red and violet-colored lights, with yellow and green. The use of benitoite for rings and jewelry, subjected to hard wear, is limited by its comparative softness. However, its beautiful color, brilliancy and fire adapt it to other classes of fine jewelry.

Another new gem which gives promise of winning quite a vogue, is satellite. This gem is a dull, green stone, resembling in design a cat's eye, and, so far, has been found only in one mine at Venice Hill in Tulare county.

SQUIRRELS INFECTED WITH WHITE PLAGUE

U. S. Hospital Service Is To Inaugurate Campaign To Check Spread.

That California squirrels, long known to be active agents in the spread of bubonic plague, have become infected with tuberculosis through contact with grass and herbs browsed upon by tubercular cattle, is the substance of an announcement just made by the United States Public Health and Marine Hospital service in San Francisco.

In his annual report on the work of this service in this state, Dr. Rupert N. Blue says the problem of combating tuberculosis among the squirrels may prove to be equally as serious as the battle which has been waged for years against the same rodents in the plague infected zones.

An investigation is now being conducted as to the extent of the tuberculosis in these animals and as soon as the boundaries of the infected zones are determined, it is probable that a campaign will be inaugurated for the destruction of consumptive squirrels.

A discovery which has alarmed squirrel fighters is that the bubonic plague infected squirrels have crossed the San Joaquin river at a point near Modesto. An attempt will be made to enlarge the squirrel free zone about that city in the hope of preventing the extension of the plague into the foothills of the Sierras. Once in the mountains, it is said, that it will be practically impossible to cope with the disease which would assume menacing proportions.

JORDAN WILL REJECT JUNIOR ORDER N.S.G.W.

President of Older Order Asks That Articles Be Refused by Secretary.

SACRAMENTO, Aug. 21.—H. C. Lichtenberger, grand president of the grand parlor of Native Sons of the Golden West, has written to Secretary of State Frank C. Jordan protesting against having Jordan accept the articles of incorporation of the Junior Order of the Native Sons of the Golden West. He says that the articles of the junior order are soon to be presented, but that the grand parlor has refused to sanction the junior order. Jordan answers that he will refuse the articles on account of similarity of the orders, and in view of the protest, and thus the matter is put up to the junior order, which may go to the courts for further action.

INDIAN CHIEF AT CATHOLIC CONVENTION

COLUMBUS, Aug. 21.—With but 1500 visitors left out of the 35,000 that were in the city yesterday, the convention of the American Federation of Catholic Societies permanently organized for business today and closed the second day of the session this evening with a reception. More than five thousand delegates filed past the prelates.

On the stand were Monsignor Diomede Falconio, Archbishop Henry Moeller of Cincinnati and Bishops Muldoon, Maes and Hartley. Chief Red Willow of South Dakota, son of a Sioux chief, was the center of interest at the reception. He is a delegate from the Pine Ridge agency and represents more than 3000 Indian Catholics. He is a survivor of the Blackfoot massacre.

STRIKING NEWSBOYS IN DUBLIN RIOTS

DUBLIN, Aug. 21.—Riots, growing out of the strike of newsboys, were renewed tonight. The contents of several newspaper wagons were burned and there was some stone throwing. The police were compelled to make baton charges. Evening newspapers could not be purchased in the streets. Newspaper offices are strongly guarded.

BEGINS WORK ON LOS BANOS LINE

San Joaquin Company Sends Out First Cars of Materials for Power Extension.

The first carloads of materials for the Los Banos power line to be built by the San Joaquin Light and Power Company were sent out from Fresno yesterday. The work of transporting the wires, cables, pole and transformers will require some time. A few cars will be sent out daily during the week.

Work on this line, which will tap a rich alfalfa country, is to begin at once. The extension is to be made from the Madera county power line, and will be 80 miles long. It is to be completed by the middle of November. Dos Palos, Los Banos, Gustine and three or four other towns will be supplied with power.

ATWOOD TWICE LOST IN EASTWARD FLIGHT

Gains Only Forty Miles On Record, Though He Went Seventy-five.

SYRACUSE, N. Y., Aug. 21. Lost between Lyons and Auburn, Harry N. Atwood, the Boston aviator, who is attempting to fly from St. Louis to New York, wandered about in the air for almost an hour late this afternoon, and finally was forced by darkness to land five miles west of Syracuse. The delay caused a serious set back in the attempt which the aviator is making to break the world's record for cross country aeroplane flight.

Atwood ascended at Lyons, intending to fly ninety-eight miles to Utica before night. Just after he started he decided to detour from the course along the tracks of the New York Central railroad and cut across country to Auburn. He lost his bearings and unwilling to land he circled about for an hour in the hope of finding Auburn.

Meantime great uneasiness was felt at Syracuse and Utica by thousands of people who waited in parks and on house tops to see him. Anxious messages were sent over the telegraph wires, but word came back that after leaving Lyons nothing had been seen of him. It was 4:24 p. m. when Atwood left Lyons. At 5:20 p. m. he suddenly appeared over Auburn and landed there.

Fearful of being again lost, Atwood did not leave Auburn until 6:45 p. m. when he ascended, uncertain as to his destination.

Then began another exciting search for him, extending all the way from Auburn to Utica. All the telegraph wires were burdened with the query:

"Where's Atwood?"

AT BELLE ISLAND

At 7:17 word came that he had landed safely at Belle Island, five miles west of Syracuse.

Atwood said that in today's wanderings he had flown at least 75 miles, but could claim for his record only the forty miles between Lyons and Belle Island. His total flying time was one hour and 28 minutes.

"It was the most exciting experience in the air I ever had," said Atwood. "After ascending at Lyons, I looked at the map and concluded I could find my way to Auburn, where I knew a lot of people would be disappointed if they did not see the aeroplane. I had gone ten miles, when I lost my way. There was not a sign of a road or anything to indicate the direction. The further I went the more confused I became. Soon my gasoline began to run low and I knew if I landed there I might be miles from a new supply.

"Finally I shot off in a tangent southward and soon saw the buildings of Auburn. A few minutes later I landed there.

"Tomorrow I will disregard all scheduled landing places and will attempt to fly as far as Albany, 163 miles by way of Syracuse and Utica."

UTICA DISAPPOINTED

UTICA, Aug. 21.—The Boosters' Club which arranged with Atwood to stop here, has cancelled the $500 prize offered and has issued a statement charging the aviator with failure to live up to his agreement to come directly to Utica from Lyons barring accidents. The police estimated that 25,000 persons awaited the aviator at the place selected for the landing.

GERMAN CATHOLICS ELECT NEW OFFICERS

SAN FRANCISCO, Aug. 21.—The German Catholic Staats Verband held its annual election of officers at its annual convention here tonight. Sacramento was chosen as the site for the next convention. The following are the officers elected:

President, F. W. Stromberg of Oakland; first vice-president, Mathew Schirle, San Jose; second vice-president, M. H. Meyer, Sacramento; third vice-president, A. Trobert, Los Angeles; recording secretary, L. Schoenstein; San Francisco; corresponding and financial secretary, John Neuner, San Francisco; treasurer, H. W. Gantner, San Francisco; directors, Charles P. Conrad and Konrad Moser of San Francisco, and August Willoh, Oakland; commissionaries, Rev. Father Maximilian Neuman, O. F. M., San Francisco.

The delegates will attend a banquet at Fairfax tomorrow.

EXCURSIONISTS ENDANGERED IN STEAMER FIRE

HAMMOND, Ind., Aug. 21.—More than 250 women and children excursionists were thrown into a panic and their lives endangered today when the Tourist, a passenger boat on the Calumet river, burned.

The boat was beached to save the passengers.

Fire broke out in the hold while the craft was in midstream. As the flames poured out of the port holes the passengers rushed to the upper deck.

Many of the passengers jumped overboard into shallow water and waded to land. A number were cut and bruised.

SON OF BANKER DROWNS

LOS ANGELES, Aug. 21.—Word was received here tonight that John G. Bartlett, 17 years of age, son of W. F. Bartlett, a prominent banker of this city, had been drowned tonight at Balboa beach where the family were staying for the summer. No particulars were obtainable.

KILLED BY ACCIDENTAL SHOT.

NEVADA CITY, Aug. 21.—John Beggs was instantly killed by the accidental discharge of his revolver today. The bullet pierced his heart. Beggs was a brother of W. W. Beggs of San Jose.

"TRIAL MARRIAGE" OF LECTURER IS FAILURE

Victim of His Own Theory; Worked In Fresno As Draughtsman.

Though a believer in "trial marriages," Dr. Aylmer Harding, an Oakland lecturer, has not made a success in his "trial marriage," which took place in Oakland about a year and a half ago. Shortly after the "marriage" Harding and his mate, Mrs. Ruth McDonald, a singer and evangelist, discovered that the world had turned a cold shoulder to them and after a short stay in Oakland and San Francisco, they left for parts unknown. Early this year Dr. Harding came to Fresno where he was employed for several weeks as a draughtsman.

Dr. Harding has since returned to Oakland where he is lecturing at the Rice Institute on occult subjects, but it is said that he is not lecturing on "trial marriages." He has forsworn women, he declares, and has forgotten all of the late unpleasantness. He says he does no know where his former mate is.

"It is a wise man who knows when he has had enough," said the lecturer.

Both Dr. Harding and Mrs. McDonald had been married and lost their mates when they met in San Francisco in 1909. Dr. Harding at that time had just organized the First Liberal church of Oakland, but when he "married" Mrs. McDonald, even his Liberal friends deserted him.

LOS ANGELANS BREAK UP CONVENTION OF MOOSE

Determined Fight is Made in Favor of Western Candidate.

DETROIT, Aug. 21.—In a scene of wild confusion, bordering on a riot during which one man fainted and which was finally ended by extinguishing the lights in the convention theater, the Los Angeles delegation to the national convention of the Loyal Order of the Moose today disrupted the session and prevented the nomination of officers.

The Los Angeles delegation demanded that the constitution be amended to allow the nomination and election of officers at the closing sessions to enable the delegates to become better acquainted with candidates. An effort to secure peace, the amendment may be made later in the week.

The excitement lasted fully an hour. The Los Angeles delegation, an extremely large one, is determined, it is said, to delay nominations in the interest of William Alderson of Los Angeles, their candidate for supreme vice dictator.

During the pandemonium, James F. Lennon, dictator of the Philadelphia lodge and twice candidate for supreme dictator, stood on his seat and nominated himself for the office. In order to avoid a violation of the rules, an adjournment was not taken. A recess was announced, so that while the officers will be nominated tomorrow, the action technically will be part of Monday's session. The election also occurs tomorrow.

It was announced tonight that Alderson would not allow his name to be presented as a candidate.

Little business of importance was transacted today. The supreme secretary's report showed a membership increase from 81,000 to 225,000 in the last year, with 414 additional lodges. About 14,000 delegates are here.

8000 GATHER AT G. A. R. CONVENTION

Tomorrow's Parade May Be the Last to Be Held by Veterans.

ROCHESTER, Aug. 21.—Eight thousand veterans are here tonight for the forty-fifth annual encampment of the Grand Army of the Republic and other thousands will arrive tomorrow. From all over the United States they have come.

The greatest throng is expected on Wednesday, the day of the great parade, perhaps the last that will be held at a national encampment.

National headquarters of the G. A. R. and of the W. R. C. were opened today. The first meeting of the executive committee of the national council of administration of the G. A. R. was held.

The various bodies will meet tomorrow and tomorrow night the opening session of the national encampment will be held.

By the adoption of a resolution this afternoon the Army and Navy Union of the United States added ten thousand men to its membership, making the Seamen's Gunners League a part of the organization.

CITED FOR ALLOWING PRISONER FREEDOM

SAN FRANCISCO, Aug. 21.—Chief Jailer Peter White and Deputy Sheriff Joseph Moffitt of Alameda county have been suspended from duty and ordered to appear before U. S. District Judge Van Fleet on contempt charges for having permitted Wong You, a wealthy Chinese accused of opium smuggling to leave the jail and return to his home in this city, ostensibly to have his eyes treated. Wong You was found enjoying his freedom when he was supposed to be serving a six months sentence of imprisonment.

DRUGGIST FINED FOR SELLING MORPHINE ILLEGALLY

SAN JOSE, Aug. 21.—E. E. McLaughlin, a local druggist, was arrested tonight on a charge of selling morphine without a physician's certificate. He was taken into custody at the instance of J. C. Browne, an employe of the state board informatory. Laughlin admitted the charge and was given the minimum sentence of $100, which he paid.

W. R. PRICE, Cashier.
C. R. PUCKHABER, Vice President.
A. R. CLARK, Vice President.

SOCIETY

The Sequoia links will be held this year on the grounds of the country club at Sunnyside. The date is to be September 9th and 10th. The decision to use Sunnyside for this annual event, was made Sunday, when a committee of the club examined several sites on Kings river and others near Fresno. An invitation to use the grounds was received from Charles Teague, secretary of the country club, just before the start of the committee.

An acceptance was mailed to the club yesterday afternoon by A. V. Dignam, secretary of the Sequoia club. The Sunnyside grounds were considered by all odds the best obtainable. In addition to ample space and privacy, there are facilities for trap shooting, and other sports.

Best of all there is a splendid porch and lawn for staging the amateur theatricals, which are to be a special feature of this year's links. The program for the line of march from Fresno is to be the same as announced some time ago, with music by a picked band of fourteen pieces.

The invitations are to be issued Wednesday afternoon.

* * * *

A party was given Mr. and Mrs. E. J. Wallace upon their return from their honeymoon spent in Kansas City, Mo., and other eastern points, at their new bungalow on Jensen avenue Saturday night. Miss Stella Wilson, a sister of Mrs. Wallace, arranged for the affair, which was enjoyed by a number of friends of the newlyweds. Games, contests and refreshments were the entertainments of the evening.

Mr. and Mrs. George L. Warlow and son Chester Warlow returned yesterday from Pacific Grove, where they have been spending some time. The return was made by automobile, and was a pleasant part of the vacation.

* * * *

Miss Maude Schaeffer returned yesterday from Oakland, where she has been spending her vacation. She also visited friends in the Russian River valley.

* * * *

A picnic that was enjoyed, was that of a party of young people who rode to Riverview Sunday. Chaperoned by Mr. and Mrs. Tony Sears, Mr. and Mrs. C. E. Stover, Mrs. C. Shaw and Mrs. P. Stover, and Mrs. Arnot. Swimming and boating were the sports of the day, and the picnic dinner was a delightful feature, being served under the trees.

The following boys and girls made the trip:

Misses Ina Harches, Florence Bach, Jessie Ross, Carla Sutton, Grace Shaw, Nellie Fowler, Doris Smith, Agnes Rabourn, Gabel Shelly, Anna Shelly, Atta Douglas, and Messrs Robert Mariner, Loren Brant, Ernest Hendricks, Beryl Turner, Ross Sanderson, Frank Hansen, Bob Stott, Albert Whitten, Robert Mariner, Joe Leahl, George Hoff, Clem Stover.

* * * *

Mrs. J. L. Marley entertained the members of the W. C. T. U. yesterday afternoon at her home No. 2204 Ventura avenue. Covers were laid for twenty-two and a very pleasant afternoon was spent.

* * * *

The Daughters of the Veterans will meet in the Chamber of Commerce Hall this evening. Several new members will be initiated, and a full attendance is expected.

* * * *

Mr. James Bradbury, popular here last spring in Y. M. C. A. circles, who took a leading part in the amateur performance of the operetta "The Nautical Knot" has accepted a position with the Y. M. C. A. at Oakland. He is studying special branches of association work, in which field he expects to specialize.

* * * *

The double wedding of Miss Ivy Parker and Mr. George Henry, and Miss Beda Parker and Mr. Fred Hampton which took place at the home of the brides' parents, Mr. and Mrs. H. V. Parker, near Fresno last evening, was one of the prettiest of the summer. The ceremony that united these beautiful girls to the men of their choice was pronounced under a bower of asparagus ferns and carnations, by Rev. Mealey of Hardwick. The bridal couples are now away on their honeymoons. Their numerous friends wish them great happiness.

* * * *

Mr. and Mrs. J. Paulding Edwards have closed their Chico place for the fall and have taken a house at Santa Cruz for the season.

Mrs. Edwards is remembered here as Miss Dolly Tarpey.

Accredited by the University of California, by Leland Stanford Junior University and by Eastern Colleges.
Courses in Singing, Instrumental Music (piano, violin, organ, harp, flute, cello, etc.), Theory and Composition, Harmony, Sight Reading, Musical Dictation, Choral and Orchestral Practice, etc., are offered by the newly formed Music Department.
For particulars in regard to the School, please send for prospectus, and address:
MISS SARAH D. HAMLIN, A. M.
2230 Pacific Avenue San Francisco

Belmont School
(FOR BOYS)
BELMONT, CAL.
(Twenty-five Miles South of San Francisco)
The school is trying to do for the moral and physical, but less than for the intellectual welfare of each boy what a thoughtful parent most wishes to have done. Contributing to this end are the location of the school, removed from the temptations and distractions of town or city; the fineness of the climate, the excellence of its buildings and other equipment, and the beauty and extent of its grounds, with the wide range of foothills surrounding them. We are glad to have our patrons and graduates consulted. For catalogue, booklet and further specific information address the head master. W. T. REID, A. M. (Harvard)
Fall term begins Aug. 14th.

Mount Tamalpais Military Academy
SAN RAFAEL.
An accredited high school, grammar grades. Cavalry, Mounted Artillery.

Stories of Famous Poems

"Leedle Yawcob Strauss"

(By CHARLES FOLLEN ADAMS)

I haf vun funny leedle poy,
Vot gomes chust to mine Knee;
Der queerest chap, der greatest rogue,
As efer you dit see.
He runs and schumps und smashes things,
In all parts of der house;
But vot of dot? he was mine son,
Mine leedle Yawcob Strauss.

He get der measles und der mumps,
Und efferyding dodt's oudt;
He skills mine glass of lager bier,
Poots snoof indo mine kraut;
He fills mine pipe mit Limberger cheese—
Dot was der roughest chouse;
I'd dake dot from no order poy
But leedle Yawcob Strauss.

He dakes der milk-bun for adharum,
Und cuts mine cane in two
To make der schticks to beat itinit—
Mine cracious! dot was drue.
I dinks mine head was schplit abart,
He picks oup sooch a touse;
But neffer mind—der poys vas few
Like dot young Yawcob Strauss.

He asks me questions sooch as dose,
"Who baints mine nose so red?
Who vas it cuts dot schnoodt blues oudt
Vrom der hair upon mine head?
Und where der plaze goes vrom der lamp,
Ven'er der glim I douse;"
How gan I all dose dings eggsblain
To dot schmall Yawcob Strouss?

I somedimes dink I shall go vild
Mit sooch a crazy poy,
Und vish once more I gould haf rest,
Und beaceful times enjoy;
But ven he was asleep in bed,
So quiet as a mouse,
I bray der Lord, "Dake anydings,
But leaf dot Yawcob Strauss."

There is nothing so difficult to write as dialect verse, and because Charles Follen Adams succeeded so well with his characteristic German dialect verses, and was able to produce many other poems almost equally as good as his "Leedle Yawcob Strauss," is much to his credit. No less a noted writer than Oliver Wendell Holmes, took a great delight in reading these fugitive verses, and wrote Adams: "I hope your genial and always welcome humor will long continue to delight the world to which you have already contributed so much enjoyment."

While "Leedle Yawcob Strauss" has been read and reread for considerable more than a quarter of a century by all classes of lovers of verse, it is as potent and impressive in its humor today as at any time. And an interesting feature of the poem is the fact that it was not a mere fancy of the poet, but was suggested to him by a washerwoman.

Another peculiar thing about the author's having adopted the German dialect is in the assurance that he did not have a drop of German blood in his veins. He never lived amid German surroundings. He was emphatically American, for his men and women ancestors took no small part in American affairs when the country was young. Then how did he happen to employ the delicious quaint German dialect that has given relish to the homely truths he preached in his typical way? Where did he learn such mastery of German-English ideas and expressions?

To answer that question it is easiest to let Mr. Adams make his own reply: "I just picked it up. I never was thrown much with Germans when a boy other than a German washerwoman. This German washerwoman was a delight to the ear. She mangled the English in great shape. I used to be very fond of getting her to talk, and then just listening. That was what gave me my first interest in the German dialect."

Then there was a little German sergeant who was in the hospital with me after the battle of Gettysburg. The sergeant and I were side by side in the ward, and he used to teach me German songs. We sang them together. Incidentally I picked up a great deal of his broken English, and his oddities of phrasing."

In the casual fashion "Yawcob Strauss" chanced upon the seeds that under his careful tending were to grow years later, into such delightful Dutch tulips, the fame of which spread through many lands besides our own.

It was in 1870 that Mr. Adams' first verses were published, and two years later his first dialect poem made its appearance. This was called "The Puzzled Dutchman." It related the woes of a twin who so closely resembled his brother that nobody could tell "vich from tudder." One of them died, and the other mournfully says:—

"Und so I am in drubbles,
I gan't get droo nein heat."
Vedder I am Hans what's living,
Or Yawcob what is tead."

This first bit of Adams' verse sprang instantly into popularity on account of its humor and the charm of its dialect. But the author's popularity became more than national when "Leedle Yawcob Strauss" was published in 1876. The poet's son, Charles Mills Adams, has been hailed as the hero of these verses, as his daughter, Ella Paige Adams, has been credited with being the heroin of "Leedle Lowreza." Some of the tenderness and human quality of "Leedle Yawcob" must have been drawn from Mr. Adams' own experience, however. They find an answering smile and sigh from every father.

Holmes was not the only one of the beloved American poets who found appreciation in the dialect verses of Adams. He received commendatory letters from Longfellow, Whittier and many others in appreciation of "Leedle Yawcob Strauss." On New Year's Day in 1878, Holmes wrote to Adams: "My first note of the year is to thank you for your very pleasant and very happily illustrated book of poems. I have read every one of them, and passed a good part of an evening in doing so most agreeably. As for 'Leeble Yawcob,' he is quite charming, and the pathetic surprise of the last verse has moistened many thousands of eyes—these old ones of mine among the rest."

Whittier was equally eloquent and enthusiastic in his praise: "I have read thy book with pleasure—the Dutch pieces particularly—which are mirth-provoking with a suggestion of pathos in the father's love for his hilarious offspring, which makes tender the homely ruggedness of the verses in which the honest Teuton expressed his fatherly pride."

And Longfellow, in a similar vein, says: "I have had the pleasure of receiving the volume you were kind enough to send, and hasten to thank you for the amusement it has given and is to give me."

"Leedle Yawcob Strauss" was not the only poem which Mr. Adams wrote that attracted a world-wide attention. Some of his admirers are even more fond of his "Der Oak and Der Vine" and "Vas Marriage a Failure?" The author himself considered "Der Oak and Der Vine" his best poem. It is a humorous but none the less sincere tribute to woman's courage in time of trouble and a refutation of the argument that man being stronger than woman, is always a "sturdy oak" to her "clinging vine."

"Dot Long Handled Dipper," a practical caricature of "The Old Oaken Bucket," is also a general favorite. It sings of the convenience of the "dipper dot hangs py der sink" as opposed to the inconvenience of a bucket in a well.

FOR ITCHING SCALPS DANDRUFF AND DRY, THIN, FALLING HAIR

Cuticura Soap and Ointment Afford a Speedy, Economical and Agreeable Treatment.

To allay itching and irritation of the scalp, prevent dry, thin and falling hair, remove crusts, scales and dandruff, and promote the growth and beauty of the hair of women, the following *special treatment* has been found most effective.

On retiring, comb the hair out straight all around, then begin at the side and make a parting, gently rubbing Cuticura ointment into the parting with a bit of soft flannel held over the end of the finger. Anoint additional partings about half an inch apart until the whole scalp has been treated, the purpose being to get the ointment on the scalp skin rather than on the hair.*

The next morning, shampoo with Cuticura soap and hot water. Shampoos alone may be used as often as agreeable, but for women's hair once or twice a month is generally sufficient for this *special treatment*. Men may apply Cuticura ointment as they would a pomade or in any other convenient way, preferably at night, as often as necessary to keep the scalp clean and the hair from falling, but may shampoo lightly with Cuticura soap every morning, when making the toilet.

Notwithstanding that Cuticura soap and ointment are sold by druggists and dealers throughout the world, those wishing to try this treatment may do so without expense by sending to "Cuticura," Dept. L, Boston, for a free sample of each, with 32-p. book on the care and treatment of skin and hair.

*It is well to place a light covering over the hair to protect the pillow from stain.

FAMOUS PICKPOCKET BACK FROM CONTINENT

"Black Prince," With Suave Manner, Has Picked Up Big Things.

The "black prince" is in town again. That is the name that tradition has fixed upon a negro of suave manners and elegant appearance, whose reputation is as dark as his complexion, and whose skill and persistence as a professional pickpocket are known to the police of three continents. He refers to himself as Alfred Laxdale, or James Ragsdale, according to his convenience.

He has been abroad of late, and after dropping in on the coronation, and lunching, so he says, with Jack Johnson, he returned to New York, to walk Broadway for the first time in five years. While he limped a bit, for he picked up rheumatism, among other things, while he was in Europe, Detective McKenna was walking uptown with Lieuts. Gray and Cain the other morning when he smiled a happy reminiscent smile.

"As I live, the Black Prince," he chuckled, and the three hustled over to shake hands with the wanderer. "Now that you're back, prince, you'll just have to come down to headquarters and show yourself."

The prince acquiesced calmly enough. He knew that there must be scores of younger detectives who had never had the pleasure of knowing him, and he did not protest when they took him where he could be looked over for future reference. Later Magistrate McQuade discharged him.

Laxdale is now 48. When he was young and nimble, he covered himself with a certain kind of glory by lifting $175,000 in one touch. It is one of his happiest memories. It was more than twenty years ago, in Australia, and the man who had the large roll had just won the Melbourne cup. The Black Prince left him with nothing but the honor of his victory.

Since then he has been behind bars often. He got three years and ten lashes in Melbourne in 1888. Then came three sentences in Sidney, New South Wales. He was sent up at San Francisco for six months in 1896 and next year he was sentenced to seven months. That was in Sacramento, he was sentenced to short terms in San Francisco, Cincinnati, and St. Louis. Hoboken put him away for six months New York imprisoned him twice, and he served a sentence in Boston. Then he went abroad for a change. He assured the detectives that he had no intention of plying his trade in New York any more. He prefers the European capitals, and will return to them.

The prince always works in frock coat and silk hat, and he carries a gold-headed walking stick. His elegance includes patent leather shoes, a purple shirt, and red necktie.—From the New York Times.

A PROBLEM IN FINANCE.

"Perkins looks worried. Must have some big problem on his mind."

"Yes. He's trying to figure how to fit a 1910 mortgage to a 1911 touring car."—From Life.

Biggest Shoe Sale In the History of Fresno

$40,000

Worth of Shoes To Be Sold At Less Than Other Dealers Pay for Them

We are selling these shoes at less than other dealers pay. That does not mean that we are selling below what they cost us. Of course we are making a profit. But we bought them so far below what others must pay that we can sell at prices below what they pay and still make our profit. This is how we were able to buy at such low prices. Our Mr. Mittenthal went through the East and bought shoes, paying spot cash. In this way he was able to secure the best at the lowest of prices. If you will but come in and examine these shoes you will readily be convinced of the truth of this and the saving you can make. That is what others are doing.

PORTO RICO PROSPERING.

Franz Renner, of Cologne, Germany, who is at the New Ebbitt, recently made a tour of Porto Rico.

"I was astonished at the phenomenal development of the island," he said last night, "for I thought it was a wild place. In fact, I took several rifles there with me, expecting to find some hunting. I did not use them, however. I spent most of my time in learning things. The public school system of the island is a perfect one, and is far better than those of German towns. The children are well cared for and in addition to having their minds trained, they are taught how to take care of themselves properly. For instance, baths have been placed in some of the school buildings, and the children are made to use them each day. I think the schools would compare well with any in the United States.

"The sugar industry is on the increase in Porto Rico, and this year's business promises to eclipse that of all former years. The whole island and nearly all of its people appeared to me to be very prosperous."

NAVAL AVIATORS.

It may be hoped that the navy in the future will take a much larger share in the progress of aerocraft than it has been able to do hitherto. Lieutenant Conneau's success shows how useful a naval training is to an airman, especially as regards map and compass reading during flight, and being able to take a few hours sleep and rest when opportunity offers, though the conditions may not always be favorable. It must be valuable to the French navy to have an officer like Lieutenant Conneau, whose scientific knowledge and practical experience should and no doubt will be turned to account. For many reasons it must be regretted that encouragement has not been held out to our seamen to gain similar proficiency.—From the Army and Navy Gazette.

COW WANTED A SMOKE

A man well in his cups tried to push a cigar in the mouth of a Kerry cow in Central park menagerie and desisted only when some man in the crowd that had collected to see the unusual sight startled for a patrolman.

The Kerry cows are great beggars. The man with the "jag" saw them eating everything passed in through the bars of their inclosure and he promptly took a cigar from his mouth and pushed the unlighted end into the mouth of one of the animals. His laughter drew a crowd at once.

The zoo inmate took to the weed immediately and tried to extract it from the man's hand. Then the spectator who objected to the "stunt" went after a patrolman. The "jag" escaped, however, before the officer arrived.—From the New York Tribune.

The tenth annual reunion of the Fogg family of America will be held on Friday, September 1, 1911, at the Falmouth House, Portland, Me. Every Fogg by birth, marriage or otherwise, will be cordially welcomed. President George Fogg Osgood and his committee are striving to eclipse all previous reunions and an especially large representation of Maine kinsmen is expected.—From the Boston Transcript.

Health and Beauty Hints

MRS. MAE MARTYN.

Mrs. C. A.: You are ruining your hair using soap for shampoo purposes. The alkali dries out the scalp and causes dandruff, and dull, lifeless, stringy hair. For your case, I know of nothing better than a plain canthrox shampoo. This makes an abundance of rich, penetrating lather that thoroughly cleanses and invigorates. You will find on using this that the hair dries evenly and quickly and takes on a rich gloss and softness. You can get canthrox at the drug store, and a teaspoonful dissolved in a cup of hot water is enough for a good shampoo.

Eva: It is distressing to have a shiny, muddy skin, but that can be corrected if you dissolve four ounces spurmax in one-half pint hot water and two teaspoonfuls glycerine. When cold apply to the skin and rub lightly until dry. A few times using cleanses the skin of impurities and banishes freckles and tan. You will find this better than powder, as it is invisible when on and does not rub off or spot from perspiration.

Nell: Don't worry about the fuzz on your chin. To rid the skin of the objectionable growth, get an ounce of delatone at the drug store and with water mix some into a paste, then apply to hairy surface and after two or three minutes rub off and wash the skin carefully. While delatone costs a dollar an ounce, it seldom requires a second application to completely remove superfluous hairs.

M.: Expressive eyes never lack in brilliancy, yet to keep them so, it is necessary to give them proper care and attention. Whenever your eyes ache or grow tired, use an eye-tonic, made by dissolving an ounce of crystos in a pint of cold water. A few drops in each eye twice daily quickly relieves the smart or ache and aside from strengthening them, gives to them a remarkable brilliancy and sparkle.

Ada G.: Your dull, streaky hair can be made bright and rich in shade if you make up and use this excellent hair and scalp tonic. To a half-pint alcohol add a half-pint water, then pour in one ounce quinzoin. Massage a little into the scalp two or three times a week for a while and you will find dandruff or oiliness disappears and the hair will grow long and silky and be easy to dig up.

Maude R.: If you want health and strength you must keep the blood free of poisonous accumulations, and unless you attend to this immediately serious results may follow. Make up and take this tonic: Dissolve an ounce kardene in a half-pint alcohol, then stir in one-half cupful sugar and hot water to make a full quart. Taking a tablespoonful of the mixture before meals rids the system of impurities, rebuilds waste tissue and makes you well and strong. You will find this kardene tonic splendid for clearing the skin of pimples and sallowness.

Mary: Large pores can be reduced and the skin cleared of local impurities if you use my almozoin cream-jelly. This is inexpensive and should be on every woman's dresser. To a half-pint cold water add an ounce almozoin and two teaspoonfuls glycerine. Let stand several hours before using. Used freely, it works wonders with the skin, and no matter how sallow or unnatural it may have been, after a short while the skin grows soft and beautiful. Wrinkles and fine lines vanish as if by magic and hollows soon round out whenever almozoin cream-jelly is used.

Madge: It is an easy matter to regain your former weight without dieting or indulging in violent exercise. If you employ the parnotis treatment, which is inexpensive and easy to prepare. Get four ounces parnotis and dissolve in a pint and a half of hot water. Strain when cool and take a tablespoonful before meals. Parnotis is quite harmless and its use will gradually dissolve the fat and give you your youthful figure without leaving the skin wrinkled or flabby.

HENRY MILLER IN "THE HAVOC" TONIGHT OPENS FALL AND WINTER THEATRICAL SEASON AT BARTON

Scene from "The Havoc," the great drama, in which Henry Miller will be seen tonight at Barton.

The Barton Opera House will open the fall and winter theatrical season tonight with the engagement of Mr. Henry Miller in "The Havoc." As Richard Craig Mr. Miller has probably the most virile and dominant role he has known in many years and his work in the central role has been placed on even a higher pinnacle than his famous characterizations of Stephen Ghent in "The Great Divide" and Sidney Carton in "The Only Way." "The Havoc" is not only a play with a strong central figure, but one that has come to be regarded as the most dramatic piece of writing presented on the American stage in the past decade. The play is made brilliant by its sparkling ironic comedy, but the building up of the story is done with a beautiful seriousness of intention, nevertheless human and effective that its author's philosophy of life is that of a Democritus. The vivid contrast of comedy and tragedy makes a strong demand on Mr. Miller's ability as an actor, and his quick, certain transitions from stinging ironical humor to big dramatic situations is a source of sheer delight to lovers of fine acting.

Mr. Miller has always been looked to for the really big things in the drama and surely he has done nothing that more commends him to the position he now holds as the foremost actor of modern drama, than his work in "The Havoc." The New York critics tendered Mr. Miller a reception such as has never before been known. The Western reviewers have gone on record in praise of Henry Miller's work as Richard Craig, in an equally forceful manner. Mr. Miller came to San Francisco immediately following the long New York run at the Bijou theater, and his engagement at the Columbia theater of two weeks duration, resulted in one of the most phenomenally successful he has scored in some length of time. The demand for seats during the San Francisco stay was so enormous that Mr. Miller was forced to give three matinee performances during the last week in addition to the regular.

If you have been hesitating to buy a good piano on account of price alone, now is the time to act.

We still have a number of instruments on hand which must be cleared out quickly.

During the next few days, the last of our great piano sale, we will sell the most famous makes of pianos at truly astounding reductions.

Do not let the lack of ready cash keep you from taking advantage of this opportunity. Even as little as $5 will secure your piano, and the balance can be paid in small installments.

Barrett-Hicks Co.

1031-1041 I STREET, FRESNO, CAL.

REDUCTION OF FORCES IS NOT EXPECTED HERE

Business Requires More Space and Men are Needed to Keep Up Cars.

The present business of the Southern Pacific cannot well be carried on if the reduction of 12 1-2 per cent reported from San Francisco is put into effect, according to local officials. Trainmen, sealers, and switchmen, are all hard pressed now. And although the rolling stock is in good condition, the forces here in the roundhouse and repair shops are rushed to keep the cars up to standard.

"There may be a reduction of the forces of the large shops at Sacramento," said I. W. Emmons, general freight agent here yesterday. "But the Southern Pacific will not close its local repair shops, and it is extremely unlikely that it will cut down the number of employes here. Our local business is so heavy that any considerable reduction would prevent the rolling stock being kept up. It seems that the business between the Coast ports and the East has fallen off somewhat this season, and reductions at certain points are possible. There is nothing of the sort to fear here."

The new enclosed section of the freight house between Merced and Tuolumne streets will be completed in about ten days. Half the platform which is 400 feet long by 60 feet wide, which has heretofore been covered by sheds, is being converted into a warehouse. The improvements will aid in the handling of the fall shipments of freight, which Emmons thinks will be heavy. The Southern Pacific will have upon its completion, 600 feet of warehouses fronting the tracks, and 200 feet more of concrete platform.

COUNTIES TO DECIDE ON VALLEY BUILDING

One Structure Contemplated for Panama-Pacific Exposition.

A meeting of representatives from the various counties of the valley will be held at the Chamber of Commerce in Fresno next Friday at which time the question of erecting a valley building at the Panama-Pacific Exposition in San Francisco in 1915, will be discussed and in all probability decided one way or another.

This meeting has been called by the Modesto Board of Trade. A telephone message was sent to William Robertson of the local Chamber of Commerce yesterday asking him if the meeting could be held in Fresno and he gave a favorable reply.

It has been suggested that the San Joaquin Valley be represented as a unit at the fair, instead of by counties as some are planning. In order that this may be done, it will be necessary to erect a suitable building to house the exhibits from the various counties, and at the meeting on Friday it will be decided whether or not such a building shall be erected or whether each county will have a building.

ROBERTSON LEAVES TONIGHT FOR FAIR

Wants Exhibits of Mangold Wurtzels and Sugar Beets; Thursday Last Day.

William Robertson, secretary of the Chamber of Commerce, leaves tonight for Sacramento, where he will superintend the installation of the Fresno county exhibit at the state fair. Mr. Robertson will have charge of the exhibit during the fair and will not return until it is closed.

Practically all the exhibits have been secured, although the Chamber of Commerce is anxious to get some mangold wurtzels and sugar beets to be used. Any other special exhibits will be received up to Thursday and forwarded to Sacramento. It is believed that the Fresno exhibit this year will exceed anything attempted before at the state fair by this county.

LEE SAYS HE WAS HIT WITH DISHES

A dispute over a cantaloupe yesterday resulted in K. C. Lee, a Chinaman, appearing before Acting Police Judge Neall and securing a warrant for the arrest of Issac Cantrell on a charge of disturbing the peace. Cantrell was placed under arrest by Detective Goehring and taken into court, where he pleaded not guilty to the charge. No date for the trial was set.

According to the story told to the officer, Cantrell is employed as a waiter in an I street restaurant, while Lee is a dish-washer. The men engaged in a dispute over a cantaloupe and Lee claims that Cantrell threw dishes and knives and forks at him, some of which he says, struck him. Cantrell denies the charge.

LICENSED TO MARRY

Licenses to marry granted yesterday were to the following named, the brides-to-be being sisters:

Fred G. Hampton, native of Idaho, aged 21 years, resident of Hardwick, Kings county, and Beda A. Parker, native of California, aged 25, city resident.

George T. Henry, native of Illinois, aged 22, resident of Los Angeles, and Ivy L. Parker, native of California, aged 22, city resident.

NORBOE'S REPORT TO BE DISCUSSED

A meeting of the Fresno navigation committee will be held on Thursday to discuss the report recently given by Assistant State Engineer Norboe, in which he commented on the deplorable condition of the channel and the evident waste of water by Miller & Lux. It is probable at this time that the navigation committee may take some further action in connection with the work started by the government, in the way of furnishing to the government engineers further data on the river.

McCLUNG REMOVED IN CHEUVRONT CASE

A decision was given yesterday by Judge Austin removing M. Cowan McClung as guardian of his half-brother, George S. Cheuvront, and half-sister, Gladys Cheuvront, and appointing H. Graff instead under a bond of $6400 for each of the wards. The petition for the removal of McClung was made by the 17-year-old half-brother and granted on proof that the environments of the little sister at the home of their elder half-brother, who is administrator of the estate of their mother, Blanche S. Cheuvront, are not conducive to her proper bringing up, the guardian, moreover, being represented to be unsuitable, intemperate and addicted to the use of profane language. The removal of the guardian, it is stated, will mark the beginning of a long and bitter contest over the administration of the estate of their murdered mother as between the McClung and Cheuvront families.

KARAGAS' BAIL IS RAISED TO $5000

George Karagas appeared yesterday before Judge Austin for arraignment on the charge of felony, his case preceding others on the calendar on account of the suspicion entertained by the district attorney's office that he would not appear, but would forfeit his $500 cash bail. The accused pleaded not guilty and his bail was placed at $5000, lacking which he went to jail until he can present sureties. Assistant District Attorney McCormick says that suspicious tactics are being pursued in the case, and since the effort of the prosecutrix and her father to have the charge dismissed on her retraction of the testimony given at the preliminary hearing she has gone over to attorneys for the prisoner, accusing her father of cruel treatment and asking for his prosecution.

FRUIT SHIPMENT HERE FALLS OFF ONE-HALF

Southern Pacific Men Say Movement Will Recover Within Week.

The shipments of green fruits from Fresno and vicinity have fallen off considerably this week. The railway officials lay this state of affairs to a disposition on the part of the growers to hold their fruit, and on the part of the shippers to hold back from the eastern markets, which were pretty well loaded with fruit, some of it too green.

The shipments according to Henry Werner, manager of the Pacific Express, are just about half what they were ten days ago. He said indications are that the shipment of grapes will reach the normal in three or four days.

F. D. Degarmo, assistant to General Superintendent H. Y. Platt of Los Angeles, and station inspector of the Southern District, which reaches from Stockton to El Paso, Tex., said yesterday that he found the shipments of local freight heavy, and that he expected a heavy general business for fall. Local men say the present warm days will hasten the shipments of grapes.

LADIES OF FRESNO

You are cordially invited to inspect the new and enlarged Unique Hair dressing Parlors occupying rooms 103-104-105-106-107-108-109 in the Edgerly Bldg. GOOD 7-ROOM modern dwelling, located on 10 1-2 lots at the corner of Fairview and California Sts., close to car line, price $2000, $800 cash, balance monthly payments.

California Oil Field News

HIGH GRAVITY OIL IS STRUCK BY JOHN KERN

Product of First Sand Said To Measure 30 Degrees; Drill In Shale.

The John Kern Oil Company struck the first oil sand in its well about sixty miles due west of Fresno, at between 2700 and 2800 feet with 6-inch casing, according to information brought to this city yesterday by John Kern, president of the company, who visited the well Sunday.

The oil is very light, measuring 30 gravity. The drillers are now below this first sand, which was about five feet in depth, and are in the oil shale. Just when the productive sand will be reached is not known, but the officers of the company expect it at any time. The drill is now moving down very rapidly.

STANDARD HAS OIL SAND NEAR GASSER

TAFT, Aug. 21—The Standard has struck oil sand in well No. 3 on section 22 at 2759 feet and is preparing to use a rotary to finish the well. This well is only 100 feet from the big gasser struck last March, and the remarkable feature is that no gas has been encountered, but a very good showing of oil.

One string of tools is running on section 12 and a well has been drilled 4000 feet. There are three other rigs up on this section, not being operated.

Give your bath an added freshness and pleasure, by using Palmer's Toilet Water, all odors. At the Patterson Block Pharmacy.

OTHER COMPANIES MAY SUE SOUTHERN PACIFIC

All To Await Outcome of Case Brought By Associated.

BAKERSFIELD, Aug. 21.—The outcome of the suit instituted before the Interstate Commerce Commission by the Associated Oil Company to collect $13,463 from the Southern Pacific for alleged exorbitant freight rates on oil, will be watched with interest here for it is stated that several other oil companies and oil supply companies are planning to bring similar suits to procure rebate.

There are several oil supply companies which have prospective suits for alleged excessive overcharges much heavier than the Associated but they will wait until the case of the Associated is settled.

FIVE GASSERS ARE ON ONE SECTION

TAFT, Aug. 21—The Standard holds the record for the largest number of gassers on a section, having five on section 26, 32-23, five miles north of Taft. Two of these wells are large producers, while in the other three only the first gas has been reached. They will be left until there is a demand for more gas, when they will be drilled in. The biggest gas well in this field was brought in on this section a little over a year ago.

ROCKEFELLERS BELIEVE NAVAL BOATS WILL SOON BURN OIL

Preparing to Build Storage Stations Near Navy Yards To Supply.

One Station on Puget Sound And Another To Be In California.

SEATTLE, Aug. 21—Announcement that the Standard Oil Company will spend $1,000,000 on a storage station for this district, making it the largest on the coast, is accompanied by information that the Rockefeller interests plan another large station on the southern coast of California, and that these improvements are intended to supply the government in the fuel oil supply stations so that the conversion of battleships to oil burners, at least for the Pacific coast service may be effected.

The favorable attitude of the navy department toward fuel oil, demonstrated by the fact that all future armed ships are to be liquid fuel consumers, is at least partly responsible for the improvements that the Standard is making in the Puget Sound district.

"The navy department has repeatedly stated that lack of storage tanks for oil in the vicinity of navy yards made it impossible to use oil as a fuel, but this conditions will soon be remedied," said John McLean, Northwest manager of the Standard.

"Our plans for the Puget Sound station, for which we have just purchased forty-seven acres of land at Richmond Beach, near Seattle, contemplate the immediate erection of five 55,000-barrel tanks in the near future, storage capacity amounting to 300,000 barrels for oil alone. Eventually our tanks will contain 1,000,000 barrels of all sorts of petroleum products.

SOUTHERN STATION

"I do not mind saying that another large addition is to be built on the lower coast, but I am not in a position to give its location. The oil trade of the Northwest, aside from possible government business, has increased so rapidly in the last two or three years that large improvements were imperative. Additional facilities are needed, too, to handle the Alaska traffic. The Copper River and Northwestern Railway will use large quantities of oil, with Cordova as the base of supply, as soon as the Llewellyn Iron Works of Los Angeles can install three tanks there, one of 20,000, another of 30,000 and a third of 55,000 barrels capacity.

"Also Alaska's crude oil from the Katalla district must be brought south. We need the Alaska oil because of its remarkably large proportion of gasoline, running more than one-third. The greatest stress of the oil market today is on the gasoline supply, and Alaska promises to produce just what we want."

ALL CALIFORNIA OIL

Estimates place the amount of oil used in the Puget Sound district at close to 30,000 barrels a month. Practically all this is California oil, although the importations of the Standard from Sumatra have replenished the gasoline supply. The railways of the Northwest have come to the use of oil partly for economical reasons and partly as a means of preventing forest fires. Locomotive sparks have destroyed millions of dollars worth of timber in Oregon and Washington.

ARREST J. SHANKLIN FOR PETIT LARCNY

Accused of Stealing Set of Harness From Farmer Near Jamison.

J. T. Shanklin was lodged in the county jail last night by Deputies Botorff and Minkler on a charge of petit larceny. It is alleged that Shanklin stole a set of harness from a rancher residing near Jamison.

Yesterday morning Botorff and Minkler left for Jamison in an automobile and upon reaching that place were informed that Shanklin was working on a ranch 18 miles from Jamison. The deputies drove the machine as far as they could until the road became very rough and then they hired a mule team. Botorff finally got out and walked and after arresting Shanklin he discovered part of the stolen harness hidden under the defendant's bed. Shanklin is the son of Former City Clerk William Shanklin, who was brought back from Oregon and tried on a charge of using the city funds for his own use, but was found not guilty.

Fred Ellis, a carpenter, was arrested last night by Patrolman Pickens on complaint of Mrs. Ellis and lodged in jail on a charge of disturbing the peace it is claimed that Ellis returned to his home and started a fight with his wife. She ran out doors and asked a neighbor to call the police. Ellis was arrested last Friday by Patrolman Cagner on a charge of drunkenness but was turned loose the next day by Justice of the Peace Smith.

LETTERS SENT OUT TO TRADE BOARDS

Letters have been sent out by the Fair Association to the boards of trade at Merced, Madera and Visalia, asking for exhibits from these three counties. Secretary Eberhart expects answers very soon as he is desirous of meeting with the boards of trade of the three counties before he goes to the state fair at Sacramento next week. The fair directors will hold their regular weekly meeting Wednesday afternoon.

JONES TO RESIGN AS CLERK TONIGHT

At a regular meeting of the Woodmen of the World tonight, it is probable that a date will be set for the election of a clerk to succeed Ed Jones, who will resign to take effect when he assumes his duties as head of the Fresno police department on the first of September. There are several candidates in the field, but owing to the size of the lodge, it will be impossible to elect tonight. Jones will hand in his resignation tonight.

OIL COMPANY BEGINS LAYING WATER LINE

Pipes To Extend Through Midway Field; Big Water Supply.

TAFT, Aug. 21.—The Wilkes-Hayden-Kergan Company has begun laying a 4-inch water pipe from its property on section 3, 32-23, North Midway. The company is building east from Fellows and west from its property and expects to connect the line in the center of the field.

Two wells that will produce about 10,000 barrels daily, have already been drilled and others are to be drilled in the very near future. About ten wells will be sunk if there is a demand for the water. It is said that several large oil companies have already asked for contracts. The line will be completed within three weeks.

The water will gravitate to all parts of the field reached by the pipe lines so there will be no need of substations to pump the water.

The water is not good for domestic purposes unless it is filtered.

The Taft Engineering Company is completing the survey for the company's line. If the four inch line is inadequate, other and larger lines will be built at once.

STANDARD MEETS BAD LUCK ON SECTION 16

One Rig Burns and Drill of Another Strikes Big Boulder.

TAFT, Aug. 21.—The No. 16 is a hoodoo instead of old No. 13, is the opinion now entertained by the Standard. A well was started over a year ago on section 16 and drilled to nearly 4000 feet when the rig burned, and as there was only a small showing of oil, the hole was abandoned and a new one started a short distance from it. This well was drilled to 3850 feet when a huge boulder was struck. After many attempts the efforts to get by or through it were found futile and this well has been abandoned.

The company is preparing to start two wells on section 36 where the big gusher is located.

The camp is being moved away from the well on section 36 on account of the shower of oil due to the heavy gas pressure. The gusher has been closed in and is only allowed to do about half its capacity. It is now doing about 2000 barrels a day, under control.

JUVENILES APPEAR TO BE DISCIPLINED

Four of Quintet Are Released on Parole in Custody of Their Parents.

Of five juveniles before him yesterday, Judge Austin released four on parole in the custody of their parents. Paul Mansky, who made a second appearance in a fortnight, was returned to the parental school to ascertain whether his father will take any interest in watching over his career, or prefers to pay $15 a month for his keeping at the school. Paul is considered not a bad boy, but is a sore trial to the neighborhood in which he lives. The juveniles that were released on parole were Annie Devine, who would not mind her mother, and stay home; Tony Rogers, who stole one dollar from his employer, Ben Breeze; Arturo del Monte, who stole $5 in a restaurant, and Edwin Gossmuller, accused of stealing a bicycle. He claimed that he found the parts in a lot and pieced them together.

EXAMINATION FOR CLERK AND CARRIER

An examination for clerk and carrier will be held at the post-office in this city on November 1st. Age limit, 18 to 45 years. Married women will not be admitted to the examination. This prohibition, however, does not apply to women who are divorced or those who are separated from their husbands and support themselves, but they are eligible for appointment only as clerk.

Applicants must be physically sound and male applicants must be not less than 5 feet 4 inches in height without boots or shoes, and weigh not less than 125 pounds without overcoat or hat.

SUPPOSED LUNATIC CRAZY WITH FEVER

Believing that his hallucinations result from malarial fever, Drs. Barr and Long yesterday recommended that Monroe Gribble, aged 17 years, examined for insanity, be sent to the county hospital for treatment. Monroe was rational and good natured yesterday, even joking about himself. He stated in promising Judge Austin to remain and obey orders while at the hospital that if he does not, "he will jump in the San Joaquin and float down to Stockton."

CUTS OFF ONE SON WITH $1 LEGACY

Because one of his sons had "highly offended and disobeyed him," John Arakelian in his will filed yesterday cut this son, Kersam, off with $1. Four other sons, the will says, are already provided for. The estate, valued at $4000, is left to the widow and daughter. To the widow are given lots 14-18, block 45, this city, and to the daughter twenty acres in Fresno Colony.

R. R. DIRECTORS TO MEET ON THURSDAY

The directors of the Fresno, Coalinga and Tidewater Company, which is promoting the railroad to Monterey, will meet next Thursday afternoon at which several matters of importance will be brought up. It was stated yesterday that a proposition for financing the road, or at least assisting in the financing will be brought up on behalf of English capitalists.

BRINGS SUIT TO ENFORCE CONTRACT

Clarence Flehrty of Kings county entered suit yesterday against J. C. Agostinto of Merced to compel specific performance of a contract of April 19th last, asking also for $2500 damages. The contract was for the purchase by the Merced man of two lots of fifty-two acres on the Laguna de Tache grant for $9115.25, cash $500, balance of $7119.25 payable on July 1st, last, and subject to $1500 mortgage held by the Sacramento Bank. Flehrty says he offered deed on the 27th of last June with abstract showing title in him and the lien of the bank, but the buyer would not accept the deed.

LITTLE CANINE IS STOLEN BY TWO MEN

"Fluffy," a Spitz dog two months old, was stolen in the court house park yesterday afternoon by two men, and Mrs. Frank Lutze has requested the police to make a search for her missing canine. The little dog was running around in the grass and the men suddenly grabbed the dog and ran before its mistress was aware of what had taken place. She immediately notified police headquarters and the officers were told to keep a watch out for the dog. Mrs. Lutze says that the dog will answer to the name of "Fluffy."

OFFICER RECOVERS STOLEN OVERALLS

Shortly after the report was made at police headquarters yesterday that ten pairs of overalls and two shirts had been stolen out of a rig belonging to M. Surabian in front of a dry goods store on I street, Policeman Enos arrested Frank McCarty and charged him with petit larceny. At the time McCarty did not have the stolen articles in his possession, but he later confessed that he hid them in the alley and they were recovered by the police officer. McCarty was intoxicated when arrested.

He claimed that the overalls and shirts were given to him by an unknown man to sell. McCarty was unable to remember the name of the man, so he was taken to jail and Surabian will swear to a complaint this morning.

AN EVEN BREAK.

Wigwag—I hate a man who is always borrowing money.

Hardduppe—Yes; he's almost as bad as the fellow who never has any to lend.—From the Philadelphia Record.

A vast amount of ill health is due to impaired digestion. When the stomach fails to perform its functions properly the whole system becomes deranged. GIANTS TAKE FIRST GAME OF SERIES FROM CUBS

Pittsburg Defeats Charley Dooin's Phillies in Close Battle.

NEW YORK, Aug. 21.—Richie who has beaten New York five times this season was beaten in a pitcher's duel with Marquard today. Score:

	R.	H.	E.
Chicago	2	5	1
New York	3	7	0

Richie and Archer; Marquard and Myers. Umpires: Klem and Brennan.

PHILADELPHIA, Aug. 21.—After playing a fine uphill game today, Philadelphia was defeated by an eighth inning rally by Pittsburg. Steele and Chalmers, who started the game were driven off the rubber in one inning. They were succeeded by Cannitz and Moore. Hall, formerly of the Tacoma club pitched the last two innings for the locals, it being his major league debut. The hitting of Magee who made a home run, a double and a single, featured. Score:

	R.	H.	E.
Pittsburg	10	9	2
Philadelphia	7	10	0

Steele, Cannitz and Gibson; Chalmers, Moore, Hall and Madden. Umpires: Rigler and Finneran.

BROOKLYN, Aug. 21.—Sallee's pitching and fielding enabled St. Louis to win today. The visitors hit hard and stole six bases. Score:

	R.	H.	E.
St. Louis	8	10	1
Brooklyn	1	7	1

Sallee, Bliss, Knetzer and Bergen. Umpires: Johnstone and Eason.

BOSTON, Aug. 21.—Boston made a strong effort to win today.

	R.	H.	E.
Boston	8	9	5
Cincinnati	6	10	1

Purdue, Brown and Kling; Gasper, Keefe and McLean, Clarke. Umpires: O'Day and Emslie.

LUDERUS ATTEMPTS TO MAKE HOME RUN RECORD

Philadelphia First Baseman Trying to Surpass Mark Set By Freeman.

WASHINGTON, Aug. 21. — When the baseball season closes in October the fans will probably have new batting records to discuss. Judging from the way the batters in both the American and National Leagues are hitting the ball this year, new records are surely to be made. During the present season an unprecedented number of extra base drives have been made. There is every reason to believe that new records will be established for two-baggers and three-base drives as well as for home runs.

Since there is something magical in the word "home run," naturally the fans throughout the country are interested in the player who manages to get the greatest number of four-base drives during the season.

At the present time enthusiasts all over the country are watching the bat work of young Fred Luderus, the Phillies' first baseman, who, by his batting this year, has become as famous as the noted Cobb or Hans Wagner. Luderus is after the home-run record made in 1899 by Buck Freeman of the Washington Nationals. Freeman this year established the modern home-run record by making twenty-five homers. The National League clubs have finished a little more than half their schedule, and during that time the Philadelphia players have scored more than half the number needed to break the old figures. Up to Monday Luderus was credited with fourteen home runs, all made on the field in Philadelphia.

SEYBOLD A HITTER.

Socks Seybold holds the American League record for home runs. He established it in 1902. The former Athletic, who is now playing ball in the American Association, in that year made sixteen. Luderus is confident that he will be able to surpass this record. Tim Jordan, a former Brooklyn player, now with Toronto, made a close approach to Seybold's record in 1906. He also repeated in 1908. Jordan in both years made twelve homers. Last season Fred Beck, of the Boston Nationals, and Schulte, of the Cubs, were tied for the home-run honors in the National League. They each got ten. Schulte is coming fast in this line this year.

It is a fact that one man has made seven homers in a single game.

WRIGHT A SLUGGER.

On June 12, 1867, Harry Wright, playing for the Cincinnati club against the Holt club, of Newport, Ky., made that number. A year later Lip Pike made six in one contest. As late as 1874 Al Reach, Kleinfelder and Potter earned the distinction of making five in a single contest. They were playing with the Athletics then. On May 9, 1868, this team made nineteen runs in a single game against a club at New Castle, Del. The Philadelphians scored 131 runs in that "contest." In 1882 Muldoon of Cleveland, piled up four, and Crooks of Omaha, seven years later, made a similar number to ra single game.

Ping Bodie, another young player who is making good this year in big league company, eclipsed Freeman's record of twenty-five four-base drives. Last year, when the White Sox outfielder played with San Francisco, Bodie made thirty home runs during the Pacific coast race. Freeman's record is the modern major league record, however, and the goal for which Luderus is striving.

Don't forget the Patterson Block Pharmacy's telephone service when taken suddenly ill. The number is Main 2.

BOSTON GIRL SWIMS NINE MILES IN SEVEN HOURS

BOSTON, Aug. 21.—Another girl, Elsie Aykroyd, 17 years of age, made the difficult nine mile swim from Charleston bridge to Boston lightship yesterday. She is the third person to reach the light, although scores have tried the feat. She is the second woman to succeed. Rose Pitonof of the same age, covering the same course last year.

Miss Aykroyd's time was seven hours and twelve minutes; fifty-seven minutes behind the record made by Samuel Richards, Jr., of Boston, two weeks ago, and twenty-two minutes slower than Miss Pitonof's time. Three men started with Miss Aykroyd but did not finish.

DETROIT WINS FROM CHASE'S YANKEES IN ELEVENTH

Walter Johnson Captures Game for Senators Striking Out 11 White Sox.

DETROIT, Aug. 21.—Gainor's single in the eleventh, followed by two fielders' choice plays and Gardner's error of Donovan's heavy grounder, gave Detroit a victory over New York. Score:

	R.	H.	E.
New York	4	7	2
Detroit	5	11	4

Warhop and Blair; Sweeney; Donovan and Stanage.

CHICAGO, Aug. 21.—Chicago's loose fielding was greatly responsible for Washington's victory today. Scott pitched a good game but Olmstead and Mogridge were hit hard. Johnson struck out eleven men. Score.

	R.	H.	E.
Chicago	4	10	5
Washington	7	9	1

Scott, Olmsted, Mogridge and Block; Johnson and Street.

THE OCCASIONAL SADNESS.

There must be thorns where blossoms grow;
There must be night as well as day;
There must be winter's frost and snow,
In contrast to the summer gay.
And there must be defeats as well
As glorious victories, in the news.
Let not your mind on sorrows dwell,
Sometimes the home team has to lose.

Let not your pride bid you behold
This earth as but a playful spot,
Where rosy tints must e'er unfold
And songs of triumph cheer your lot.
Remember, some of us must frown
That others may with joy enthuse,
Think of the glad hearts out of town!
Sometimes the home team has to lose.

CHARLEY DOOIN ROASTS LYNCH ABOUT MAGEE SUSPENSION

PHILADELPHIA, Aug. 21.—Manager Charley Dooin, the crippled leader of the Phillies, is glad that Sherwood Magee is now able to play with the team, but he intimates that President Lynch, of the National League, has shown his vindictiveness by keeping Magee out so long, and blames Lynch for pushing the Phillies down to fourth place.

While propped up in bed this afternoon Dooin laughed outright when asked for an opinion on the Lynch statement, reinstating Magee Wednesday.

"Oh, it's fine, very fine," said Dooin, with just a little sarcasm in his voice. "Now that we have been pushed all the way down to fourth place, Lynch has become magnimous and is going to allow Magee to play, but only after the New York series.

"It does seem strange that he could not be allowed to play in the Pittsburgh and New York series, to assist us in winning the games we most needed.

"I feel that the pardon has come too late to do us a great deal of good, and yet I know the boys will fight all the way, and will endeavor to make the other fellows hustle to win the pennant.

"I will be glad to have the team near me next week. Even though I will be unable to get to the grounds, I can have the boys up here and have a heart-to-heart talk with them."

Dooin's leg is not healing as quickly as anticipated, and he may not even be on the bench for several weeks. He will not play again this season.

VERNON AND OAKS PLAY 11 INNING TIE, 3 TO 3

Fan Overcome by Excitement Faints in Bleachers as Tigers Score

LOS ANGELES, Aug. 21.—Vernon and Oakland played for eight innings today without scoring a run; each scored one in the ninth, tenth and eleventh frames, and quit after the twelfth with the score still tied 3 to 3 in order to allow the Commuters to catch their train for the north. Not a visitor reached third until Tiedemann negotiated the difficult bag on a fielders choice, a steal and an out in the eighth. In the ninth after Hoffman had scored one for Oakland, Brashear doubled to center, and one fan overcome by the wild excitement in the bleachers, fainted.

Brashear scored on a wild pitch and Hosp's single. Vernon lost a chance to clinch the game when Hosp was caught off third. Carson was taken out in the tenth to allow Brown to bat for him and Brackendridge replaced Carson until Hitt warmed up. Ables was benched in the eleventh after Hosp had doubled and Burrell singled. Score:

Wild pitches—Ables. Hit by pitched balls—Patterson and Carlisle. Time—2:15. Umpire—McGreevey.

PAPKE TO DEFEND TITLE IN 10 ROUND GO WITH BURKE TONIGHT

NEW YORK, Aug. 21.—Billy Papke, the Illinois "thunderbolt" who is claimant to the middleweight championship, and "Sailor" Burke, the New York aspirant to the title, completed today their training for a ten round fight here tomorrow night.

Papke has been trained at Bath Beach and it was said tonight he would enter the ring at 160 pounds and in excellent shape. Burke, with twice as much training at the road house in the Bronx, is confident that he is in condition.

The two men met once before three years ago, when Papke won the popular decision, although Burke almost won in the third when he put his man down.

It will be Papke's first appearance in this country since his return from England and Australia, where he defeated Dave Smith and Jim Sullivan. Charley White will referee the bout and among the spectators will be the Marquis of Queensbury, who arrived here Saturday to make a study of sports in America.

BUNDY OF CALIFORNIA DEFEATS INMAN IN TENNIS MATCH

SEAPORT, Aug. 21.—At the opening day of the 31st all comers tournament of the national lawn tennis championship on the Caino courts today an unprecedented number of players appeared to contest for the honor of meeting W. A. Larned in the challenge match. Nearly 200 contestants were provided for in the opening round.

A large number of defaults today cleared the list considerably. All the leading players won easily. Former National Champion W. J. Clothier of Philadelphia dropped out, owing to business engagements.

The principal match of the day was between Thomas C. Bundy of California, who won the all-comers tournament last year and who has been selected for this year's Davis cup team and F. C. Inman, a New York expert. Bundy won, 4-6, 6-1, 6-0, 6-2.

Second round; Gardner beat Watrous 6-3, 6-3, 6-4.

CHICAGO, Aug. 21.—A lame shoulder caused by a cold today forced George Hackenschmidt to abandon work in preparation for his match with Gotch. A severe blister on his heel prevented road work. Dr. Roeler, Hackenschmidt's chief advisor, said that the Russian lion would begin work in earnest tomorrow.

LONG SHOTS PROVE WINNERS AT BUTTE

Stoneman at Fifteen to One Captures Feature Event of 1 1-8 Miles.

BUTTE, Aug. 21.—Long shots had all the better of it at the races of the Butte Jockey club today, only two favorites coming home in front. Stoneman at 15 to 1, captured the feature event at a mile and an eighth. Tomorrow ends the meeting at Butte and the horsemen will go to Anaconda for four days' racing, beginning Friday.

RESULTS

First race, selling, six furlongs—Flying, 12 to 1, (Nelson) won; Gramercy, 8 to 1, (Cotton) second; Barnsdale, 6 to 1, (Walsh) third. Time, 1:15 2-5. Hal, Zool, Bonfils, Bellflower, Tony Koch, Electrowan, Darelngton also ran.

Second race, selling, six furlongs—Galene Gale, 7 to 1, (Rosen) won; Anna May, 4 to 1, (Warren) second; Fernando, 7 to 2, (Walsh) third. Time, 1:15. Chief Desmond, Purse Rose, Irregular, Cheers, Evia also ran.

Third race, selling, five furlongs—Sidon, 9 to 2, (Walsh) won; Electric, 13 to 5, (Hopkins) second; Evelyna, 5 to 1, (Rooney) third. Time, 1:01 2-5. Ethel S., Defy, Thistle Rose also ran.

Fourth race, selling, mile and an eighth—Stoneman 15 to 1, (Forsyth) won; Little, 15 to 1, (McIntyre) second, Lake Cakes, 3 to 5, (Warren) third. Time, 1:54 4-5. Charles Rothschild, Marigot, Hawley, Miss Officiou, Elgin, Crex, Judith Puge and Fereno also ran.

Fifth race, selling, mile—Twilight Queen, even, (Rooney) won; Tom McGee, 4 to 1, (McEwen) second; Edwin T. Fryer, 30 to 1, (McIntyre) third. Time, 1:41 3-5. Good Ship, Margaret Randolph and Madeline Musgrave also ran.

Sixth race, six furlongs—Frank G. Hogan, 2 to 1, (Walsh) won; David Warfield, 10 to 1, (Reynolds) second; Marburg, 7 to 1, (Taylor) third. Time, 1:14 3-5. Bit of Fortune, Gilbert Rose, Salnest, Princess Industry and Marie Hyde also ran.

ENTRIES FOR TUESDAY

First race, four and a half furlongs—First Fashion, 118; Auto Girl, Leyhigh, 110; Lady Mint, Penang, 108; Nada Mae, Percy—Henderson, Miss Tierney, 107, Lavender Lass, 104.

Second race, six furlongs, selling—Rey El Tovar, Swede Sam, New Capital, Lee Harrison II, Binocular, Doc Allen, 109; Adena, 107; Rio Pecos, 105; Mossback, 104; Patriotic, 102; Annie Nelson, 95; Wiltrude S., 91.

Third race, futurity course, selling—Workbox, 116; Uncle Jimmy Gray, 111; Kid North, 108; John H. Sheehan, 107; Elizabeth Harwood, 106; Salall, 105; Dacia, 95.

Fourth race, one mile, Mooney and Murphy, Handicap—Meadow, 124; Spohn, 120; Sticker, 106; Fern L., 100; Acumen, 96; Paystreak, 93; Big Stick, 92. Couple Spohn and Sticker as Bedwell entry.

Fifth race, mile, selling—Titles, Deneen, Hal, Irrigator, The Poet, Bonfils, 109; Little Marchmont, Big Eldorado, 107; Glennadeane, 105; Galene Gale, 100; Evia, Wabanun, 95.

Sixth race, six furlongs, selling—Novgorod, Bellsnicker, Montauk Dan, 109; Capewell, 108; Fany, Passenger, Sorrowful, Lena Lech, 107; Ida D., 104; Roberta, 100; Parlor Boy, 94.

Weather clear; track fast.

DIAMOND DUST

(By MARK H. GATES.)

What is the use of batting even if it is "sew" that the pitchers "seam" to be trying to "hide" their weakness with that "yarn" about the "cork center" whenever they are driven off the "rubber?"

Here is a good one for a dry Sunday—If Tim Walton had a smile would Dr. Sample.

If some of the City Leaguers went to Zapp's Park for a boat ride, would "Brick" Rowe?

Here is one for the newly appointed chief of police, Ed Jones—If a sunburned ball player strikes out, would you arrest the pitcher and catcher for playing fantan.

A mistake in the summary of the official score of the Bittel-Clovis game was responsible for not crediting Lewis of the Bittel team with two stolen bases.

LATON CHALLENGES MOOSES OF FRESNO

J. Miller, manager of the Laton baseball team writes to the sporting editor of this paper that the Laton team would like a game in Fresno on September 4th. Miller states that the Laton boys would prefer to play the Moose team of this city, but will clash with any other if the Moose team cannot be secured.

The Laton boys have recently won from the Lemoore Indians by a score of 9 to 5.

Carpet dirty? Call Main 355.

OFFICIAL RECORD OF BEACHEY'S FLIGHT 11,642 FEET

Birdman Relates How Lack of Gasoline Forced Him To Volplane Down.

CHICAGO, Aug. 21.—Officials of the international aviation meet announced that a revised reading of the barograph attached to the Curtiss biplane when Lincoln Beachey yesterday broke the world's altitude record for aeroplanes shows he reached a height of 11,642 feet instead of 11,578, the unofficial reading given out last evening.

The previous world's altitude record was held by Captain Felix, director of the French army school of aviators, who on August 5th of this year reached a height of 11,150 feet at Etampes, France.

BEACHEY TELLS OF FLIGHT

Lincoln Beachey, who was the last man to come to earth when the aviation met closed last night, told of his perilless descent from above the clouds after his gasoline had become exhausted.

Only a few persons were aware that when the aviator approached the earth in broad, easy sweeps, he was doing so solely with the aid of his skillful handling of the planes. The propellers were working but because of the lack of motive power from the engine Beachey had nothing but his knowledge of gliding to assist him in safely guiding the machine to the ground.

"I started out to obtain the high altitude prize," Beachey said. "It was my intention to climb until the gasoline supply gave out and then volplane to the earth. The machine passed into several banks of clouds which obscured sight of the earth.

GASOLINE GIVES OUT

"When I reached a height of approximately 11,000 feet the gasoline gave out and the engine stopped running. I pointed the machine downward and then began a glide I shall never forget. I was able to slightly check the speed of the aeroplane by volplaning in wide circles, but even then the speed was something terrific.

"The wind whistled through the machine and held me as tightly in the seat as if I had been strapped in. When I got closer to the ground I saw that I could land opposite the hangars by making a wide swoop. This I did and landed there with hardly a jar."

When the nine days international aviation closed last night, the management estimated that 3,000,000 people witnessed the flights.

COMMITTEE FACES DEFICIT

The executive committee has not figured exactly how much the gate receipts ran behind expenses but a rough estimate last night placed the total receipts at $140,000. The expenses are estimated at $195,000, which means that the meet has not come within $55,000 of paying expenses. Every minute of the flying time, from one to fifteen aviators have been in the air. The duration figures up to yesterday showed that the sky pilots had been in the air an aggregate of 186 hours. As the daily flying time has been three and a half hours, or a total of thirty-three and a half hours for the nine days, endurance totals show that on the average over six aeroplanes have been in the air all the time.

McCORMICK ENTHUSIASTIC

Harold F. McCormick, chairman of the finance committee had just stepped from Sopwith's machine when he was asked his opinion of the meet.

"Well," he said, "it has been a great thing for Chicago, but about the only thing I can think of just now is the wonderful ride I have just had.

"Seriously, though, I believe the meet has been greater than Chicago realized. At least the citizens did not support in the manner they should have. Because they did not, we will have a big deficit to face.

"The interest was great enough—everyone was talking aeroplane—but someway, Chicago failed to dig down in its pocket and pay the expenses of bringing them here. It preferred to stand just outside the fence and watch the flying without paying for it.

At the extra meet today the management expects to realize $25,000 for the benefit of the widow of St. Croix Johnstone, the aviator who fell into Lake Michigan and was drowned last Tuesday.

COBB AND WAGNER STILL LEAD MAJOR LEAGUES IN BATTING

CHICAGO, Aug. 21.—According to figures made public here today there is a difference of seven points between the batting averages of Cobb and Lajoie in the American League. The Detroit player is still at the top of the list, with a percentage of .418. He has played in more than twice as many games as the Clevelander.

Jackson of Boston heads the national list. He has played in only a few games, however. Wagner, with a standing of .354, is second. Hans is laid up with a broken leg and may not be able to play again this season. He has taken part in 107 games.

CLIQUOTS DEFEAT EASTON GIANTS

In a thirteen inning game replete with good plays the American Colony Cliquot ball club won its third game of the season from the Little Giants of Easton by a score of 10 to 9.

The game was delayed twice by Captain Orr of the Little Giants, who ordered his men off the field because of a disputed decision. Findrup was on the mound for the Cliquot club and pitched effective ball. He also secured a three bagger. Pitchers Orr and Brooks of the Little Giants were pounded for fourteen hits.

The line up was as follows:—

Cliquots—G. Chamberlain, c; Findrup, p; Harpe, 1b; R. Chamberlain, 2b; Hurst, 3b; Sepenn, ss; R. Bateseger, lf; A. Bates, cf; E. Bateseger, rf. Little Giants—Cartwright, c; Orr and Brooks, p; Larsen, 1b; Hansen, 2b; Elming, 3b; Anderson, ss; Orr and Brooke, lf; Martin, cf; Cook, rf.

	R.	H.	E.
Cliquots	10	14	4
Little Giants	9	9	5

OHIO RIFLE TEAM MAKES REMARKABLE SCORE AT CAMP PERRY

CAMP PERRY, Ohio, Aug. 21.—The president's trophy match to decide the national rifle championship began today at the opening of the second week of the national rifle association tournament. Four hundred and eighty-one marksmen entered.

The first stage of the Herrick trophy match for eight men teams was shot at 500 yards today. The Ohio team made nearly a perfect score, shooting 595 out of a possible 600. Other high scores were U. S. Infantry, 582; Massachusetts, 582; Maryland, 576; Pennsylvania, 577; U. S. Cavalry, 574; Texas, 573; Navy, 573.

The concluding stages at 900 and 1000 yards will be shot tomorrow.

MAJOR LEAGUES ARE NOT DEVELOPING STAR PLAYERS

Shown by Fact that Lajoie and Wagner Have Not Been Eclipsed.

WASHINGTON, Aug. 21.—One glance at the batting averages of the major leagues serves to show that complaints that star ball players are not being developed in any number nowndays is well founded. Though hundreds of youngsters have been rounded up and tried out since Lajoie and Wagner had gone through the experimental stages of their careers—neither took much time in this particular process—few have been found who can give either an argument.

Wagner is leading his league easily, and seems certain to regain his honors as king of the batters of the National circuit. Lajoie, who has been doing wonderful work with the stick since he returned to the game in this city, has challenged Cobb, having entered the .400 list, and being only 14 points behind the Detroit star. Larry, because of the comparatively small number of games in which he has figured, gains rapidly when he has a big day, and will also fall away quickly if he has a slump. Cobb has not been able to maintain his phenomenal gait during the past two weeks, though he has been hitting well enough to suit any manager in the world.

In the American League it will be noted that veterans almost monopolize the positions of honor. Lajoie, Crawford, Delahanty and Murphy are all up near the top. Cobb, the leader, is of a younger generation than these batsmen, and Jackson is a newcomer. Right behind these veterans come Mr. Mack's phenomenal youngsters. The presence of so many of these high up in the list simply serves to prove the contention made Connie fails to see many stars being developed in the minors, and he just grabs anything that is promising, puts it on his bench, and himself teaches his pupils the things that they used to learn in the minors when he was playing, and when recruits served a longer and more satisfactory apprenticeship than now. Today they are playing major league ball before they have mastered the rudiments of their profession. The competition is greater than ever before, and the training schools cannot turn out high class material rapidly enough to supply sixteen major league clubs.

Anybody who watched Wallace and Etherfeld this past week will realize what is mean by this. The last named has been playing professional ball for eighteen years, and Wallace has been in the majors nearly as long. None of the youngsters coming in know how to tag runners as this pair do, or can make a difficult play easier for themselves like these veterans. Neither has the speed that he once had, and this will be the ultimate answer. Bad legs finally will force each out of the game, when either, but for this, will be a better ball player than his successor.

OFFICIAL RECORD OF BEACHEY'S FLIGHT 11,642 FEET

Birdman Relates How Lack of Gasoline Forced Him To Volplane Down.

CHICAGO, Aug. 21.—Officials of the international aviation meet announced that a revised reading of the barograph attached to the Curtiss biplane when Lincoln Beachey yesterday broke the world's altitude record for aeroplanes shows he reached a height of 11,642 feet instead of 11,578, the unofficial reading given out last evening.

The previous world's altitude record was held by Captain Felix, director of the French army school of aviators, who on August 5th of this year reached a height of 11,150 feet at Etampes, France.

BEACHEY TELLS OF FLIGHT

Lincoln Beachey, who was the last man to come to earth when the aviation met closed last night, told of his perilless descent from above the clouds after his gasoline had become exhausted.

Only a few persons were aware that when the aviator approached the earth in broad, easy sweeps, he was doing so solely with the aid of his skillful handling of the planes. The propellers were working but because of the lack of motive power from the engine Beachey had nothing but his knowledge of gliding to assist him in safely guiding the machine to the ground.

"I started out to obtain the high altitude prize," Beachey said. "It was my intention to climb until the gasoline supply gave out and then volplane to the earth. The machine passed into several banks of clouds which obscured sight of the earth.

GASOLINE GIVES OUT

"When I reached a height of approximately 11,000 feet the gasoline gave out and the engine stopped running. I pointed the machine downward and then began a glide I shall never forget. I was able to slightly check the speed of the aeroplane by volplaning in wide circles, but even then the speed was something terrific.

"The wind whistled through the machine and held me as tightly in the seat as if I had been strapped in. When I got closer to the ground I saw that I could land opposite the hangars by making a wide swoop. This I did and landed there with hardly a jar."

When the nine days international aviation closed last night, the management estimated that 3,000,000 people witnessed the flights.

COMMITTEE FACES DEFICIT

The executive committee has not figured exactly how much the gate receipts ran behind expenses but a rough estimate last night placed the total receipts at $140,000. The expenses are estimated at $195,000, which means that the meet has not come within $55,000 of paying expenses. Every minute of the flying time, from one to fifteen aviators have been in the air. The duration figures up to yesterday showed that the sky pilots had been in the air an aggregate of 186 hours. As the daily flying time has been three and a half hours, or a total of thirty-three and a half hours for the nine days, endurance totals show that on the average over six aeroplanes have been in the air all the time.

McCORMICK ENTHUSIASTIC

Harold F. McCormick, chairman of the finance committee had just stepped from Sopwith's machine when he was asked his opinion of the meet.

"Well," he said, "it has been a great thing for Chicago, but about the only thing I can think of just now is the wonderful ride I have just had.

"Seriously, though, I believe the meet has been greater than Chicago realized. At least the citizens did not support in the manner they should have. Because they did not, we will have a big deficit to face.

"The interest was great enough—everyone was talking aeroplane—but someway, Chicago failed to dig down in its pocket and pay the expenses of bringing them here. It preferred to stand just outside the fence and watch the flying without paying for it.

At the extra meet today the management expects to realize $25,000 for the benefit of the widow of St. Croix Johnstone, the aviator who fell into Lake Michigan and was drowned last Tuesday.

ST. CROIX JOHNSTONE BENEFIT MARRED BY GALE

Aviators at Chicago Refuse to Risk Lives in Choppy Wind.

CHICAGO, Aug. 21.—A wind that reached thirty miles an hour at times prevented all but a few aviators from trying to get into the air today at the benefit performance for the widow of St. Croix Johnstone, who fell to his death in Lake Michigan last Tuesday. It had been announced that all the rules of the international aviation meet would be declared off and that flyers would be at liberty to risk their necks in any aerial performances they chose. But the wind proved too treacherous, and for several hours no one attempted to fly.

Then Lincoln Beachey, who yesterday broke the world's altitude record by rising 11,642 feet, rose, circled the field, descended and declared the wind was too choppy for safe flying. An hour later Beachey, C. Gill and James Ward gave short exhibition flights.

S.S.S. CURES BLOOD POISON

Contagious Blood Poison manifests itself in the most loathsome symptoms, such as ulcerated mouth and throat, copper-colored spots, and even sores and ulcers on different portions of the body. The poison causes the hair to fall out, and sometimes the glandular system is attacked. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the insidious virus. The least taint left in the blood will break out afresh when treatment is left off. S.S.S. is the real and certain cure for Contagious Blood Poison; it goes into the circulation, and by removing every particle of the poison, and adding, rich, healthy qualities to the blood, forever cures this powerful disorder. All who suffer with this disease may cure themseves in the privacy of their homes by using S.S.S. and following instructions contained in our Home Treatment Book, which we will send, together with any medical advice desired, free of charge. S.S.S. is for sale at drug stores.

-Commercial-

BARLEY BRINGS MORE THAN WHEAT; $34 TON

Fresno Beauty Grapes of Second Crop are in Market, at 8 1-3 Cents.

Barley took another jump yesterday, and is now selling at $34 a ton. This makes it higher than wheat, and establishes a record. There was no increase in price on the sack, which stands at $1.40.

Fresno Beauty grapes, of the large, luscious variety that eastern epicures look to California for, were brought into the local market yesterday. They are the second crop, the first crop having succumbed to the frost. These grapes were propagated from cuttings brought from Smyrna three years ago, and are seldom seen on local markets, as they are so much in demand for fancy eastern trade. They sold at 8 1-3 cents a pound.

RETAIL MARKETS

FRUITS AND VEGETABLES

Apples—New, 5c lb.
Artichokes—7½c each.
Beans—Green, 5c lb.
Beets—30c dozen.

Receipts—Flour 11,678; wheat 2415; barley 87,910; oats 4340; beans 220; corn 345; potatoes 4785; onions 1110; bran 6; middlings 5; hay 1156; hops 53; hides 5; wine 108,900.

SAN FRANCISCO.—Wheat firm, no trading.

Barley firm: December 166¼ May 169 bid, 170 asked.

EASTERN QUOTATIONS

NEW YORK, Aug. 21.—Evaporated apples nominal on spot; futures easier 10@15 for October and 10 cents for November.

Prunes firm. Quotations ranging from 2½@3½c for Californias up to 30s to 40s while Oregons remained nominal.

Apricots quiet. Choice 15@15½c; extra choice 16@14½c; fancy 17@18c.

Peaches firm, inactive. Choice 11@11½; extra choice 12@12¼c; fancy 12½c.

Raisins quiet, steady. Loose Muscatels 6½@7c; choice to fancy seeded 8@8½c; seedless 5¾@7c; London layers $1.40@$1.45.

CHICAGO.—Although Minneapolis and Winnipeg wheat markets were exceptionally strong today, that cereal locally advanced only ⅛, because the general public was not in evidence. Oats gained ⅛, but corn dropped ⅞. Provisions were dull and steady.

December wheat sold between 94¾ and 95⅝.

December corn sold between 61½ and 62⅛. December oats ranged between 44⅝ and 45¼, closing near the top.

Higher hogs and the wheat strength held provisions prices steady throughout the session and the close was a shade to 10c over Saturday. January pork closed 2½ up at $16.60; January lard 10c higher at $8.95 and January ribs 5c improvement at $8.47½.

NEW YORK.—Raw sugar firm; Muscovado 89 test $4.50; centrifugal 96 test $5.00; molasses 89 test $4.25; refined firm.

ST. LOUIS.—Wool firm; medium grades combing and clothing 18½@20; light fine 17@19½; heavy 14@15; tub washed 25@30.

CHICAGO.—Cattle, Receipts estimated at 25,000; market steady; 10c lower; beeves 515@800; Texas steers 450@615; Western steers 425@675; stockers and feeders 315@560; cows and heifers 525@560; calves 600@875.

Hogs—Receipts estimated at 20,000; market 5@10c higher; light 713@795; mixed 720@785; heavy 705@780; rough 705@730; good to choice heavy 730@785; pigs 750@760; bulk of sales 760@770.

Sheep—Receipts estimated at 28,000; market weak; Western 265@375; yearlings 375@525; lambs, native 425@695; Western 475@705.

THE NEW YORK STOCK MARKET

NEW YORK, Aug. 21.—The week in the stock market opened with a renewal in mild form of the downward movement which has played such havoc with prices of securities for almost a month. There was moderate selling which again concentrated on the leaders, Union Pacific, Reading and United States Steel. In fact dealings in these issues during the first three hours of the session constituted over 75 per cent on the whole. Developments offered little incentive for activity on the bull side.

Pressure against United States Steel was more pronounced than at any recent period and the heavy offerings of stock according to gossip resulted in fear that the report soon to be submitted to President Taft by the Department of Commerce and Labor would hardly be favorable.

Trading languished for the greater part of the session after the first hour. In the very late business there was a moderate increase of activity, however, at the expense of values, with Union Pacific falling to its previous low level of the day.

According to statements of Western railway officials traffic in that section is holding steady, with the general merchandise movement the most sustaining factor.

Money rates in the West show increasing firmness.

Bonds were heavy with further weakness in American Tobacco 4 per cents. Total sales, par value, $1,507,000.

United States government bonds were unchanged on call.

RECORDED DEEDS

E. J. Strumpf to John F. Stranhal, both of Los Angeles, subject to $500 mortgage, one fourth of which grantee assumes, N.E.¼ of S.E.¼ of 17-16-14.

H. G. Drew to Ferdinand Hunt N.½ of N.E.¼ of N.W.¼ and N.½ of S.½ of N.E.¼ of N.W.¼ of 20-16-22. Mortgaged to Drew for $1500 for one year at 7 per cent.

Ralph A. and Lincoln A. Wade and wives to C. W. Harlow Lots 10-13 in Block 12 of Alhambra tract with building restriction.

Susie Cowan and J. H. Cluck to John H. Lisle S.½ of S.E.¼ of S.W.¼ of 27-13-19 of 20 acres.

Harvey Bailey to Mrs. M. A. Bailey S.W.¼ of N.W.¼ of N.E.¼ of 2-14-18.

MORTGAGE RECORD

W. B. and Virondia Livermore to J. L. Gilbert N.E.¼ of S.W.¼ of 2-16-21 for $5000 under deed of trust with conditions stipulated as to cultivation, irrigation and improvement.

—William Lindstrom to State Mutual Building and Loan association Lots 5 and 6 in Block C of Hills addition to Fresno for $600 in 62 monthly installments.

C. W. Harlow to Ralph A. Wade of Portland, Oregon, Lots 10-13 in Block 12 of Alhambra tract for $1200 in three equal annual payments.

C. A. Wethe gives Mariana Francisconi release under $1200 mortgage of February 6, 1908, on N.W.¼ of S.E.¼ of 31-13-19.

H. G. Brackett to Ben W. Copeland W.½ of N.E.¼ of N.E.¼ of 23-13-19 for $1100 for 3 years at 7 per cent net.

CONTRACTS TO SELL

C. S. White agrees to sell to L. H. Kleidtz Lots 5-8 in Block 5 of Union addition to Selma for $2250, paying $400 cash and $1500 in monthly $15 advance payments at 7 per cent. Failure to make payments releasing all obligations and forfeiting all payments.

Kings River Thermal Land company to sell to Charles O. Hutchens of Sanger Lot 29 in subdivision 1 of the tract (10.43 acres) for $5063.75, the sum of $1250 having been paid on account.

MINING PARTNERSHIP

Agreement made between J. H. Fike and J. C. and W. M. Rowe granting to the latter a two-thirds interest in the Golden Crown quartz mining claim on Hughes creek to develop a partnership for its development, Fike to be president J. C. Rowe vice and W. M. Rowe treasurer and secretary. Each shall contribute equally to development work, no assessment to be levied save by unanimous consent and upon receipt of patent one-third interest will be conveyed to the Rowes and if for a working corporation one-third of the stock, proceeds to be divided in third shares.

Contract recorded under date of July 1 between John and Mrs. Leora I. Zapp and F. R. Ingersoll, the first named are the owners at the corner of Olive and Blackstone avenues of the park property and Ingersoll desirous of carrying on a scenic railroad within its boundaries. Lease is made to construct such scenic railroad over right of way 100 feet wide by 275 long for 5 years and 4 months for 10 per cent of gross receipts for 1911, 1912 and 1913, 15 for 1914, 20 for 1915 and 25 for 1916 paid weekly. Construction to commence 6 weeks after this agreement and option is given for 30 days in November annually to purchase the scenic road at actual cost with expenses of placing in 1912 and thereafter for cost and expenses of placing less 10 per cent in 1913, 20 in 1914, 30 in 1915 and 40 in 1916. F. K. Ingersoll has assigned one-half of this contract for $10 to Louis Ingersoll.

Johnson Bros. of Kingsburg contract for $1060.52 with the city of Kingsburg to construct and complete the municipal water system as per plan and specifications with power house.

Perry Featherston sells to T. J. Barker half interest in Economy Auto Repair shop on I street, G. H. Borland releasing personal property mortgage by J. C. Fitzgerald and Featherston.

S. M. ROSENBERGER,
Secretary of The Azores Oil Company (office with Nunes Investment Company, Inc., 215 West Seventh Street, Hanford, California).

SUMMONS.

In the Superior Court of the County of Fresno, State of California.

No. 11624.

Action brought in the Superior Court of the County of Fresno, State of California, and the complaint filed in the office of the Clerk of said County of Fresno.

Florence C. Breed, plaintiff, vs. Francis R. Breed, defendant.

The People of the State of California send greeting to Francis R. Breed, defendant:

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the said County of Fresno, State of California, within ten days after the service on you of this summons, if served within this county, or within thirty days if served elsewhere.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint, as arising upon contract, or she will apply to the court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Fresno, State of California, this 12th day of June, A. D., 1906.

(Seal) W. O. MILES, Clerk.
By J. E. Cartwright, Deputy Clerk.
Frank H. Short, attorney for plaintiff.

NOTICE OF SALE

No. 14,672, Dept. 2.

In the Superior Court of the County of Fresno, State of California.

J. G. Farrel, plaintiff, vs. Edith M. Hanner, et al, defendants.

Under and by virtue of a decree of foreclosure and order of sale issued in the above entitled action commanding me, the undersigned, commissioner, to sell the real property therein and hereinafter described.

Notice is hereby given that on Wednesday, September 6, 1911, at the hour of 10 o'clock a. m. on said day at the front or westerly door of the court house in the City of Fresno, County of Fresno, State of California, I will sell at public auction to the highest bidder in lawful money of the United States the following described real property situated in the County of Fresno, State of California, to-wit:

Lots 2, 8 and 9 in Block 2 and Lots 11 and 12 in Block 3, all in the Bloomington Addition No. 2 to the City of Fresno, according to the map of said addition now on file and of record in the office of the County Recorder of Fresno County, or so much thereof as may be necessary to satisfy the judgment amounting to $1232.78 recovered in said action by plaintiff and against the defendants therein together with legal interest since the date of said judgment with costs and expenses of sale.

ARTHUR W. ANDERSON,
Commissioner.
August 14, 1911.

VERNE H. CARTER CO.,
1144 J St. Phone 63

WE HAVE decided to cut the price on that swell bungalow we are building on U St. You should see it, it will have every convenience known to the bungalow art, and it is certainly being built well. We are using all the very best material and all the corners and windows are extra well braced so the plaster will never crack. It will have a beautiful buffet, bookcases and a dandy big sleeping porch.

THEN we have a fine big two story house on Effie St. for only $2750; good terms.

HOW WOULD you like to have us give you 40 acres of very fine land? Land that you can raise anything in the world on, land that is located only 5½ miles from Fresno, land that has a first class water right, land that can be sold for $400 per acre, when it is improved. If this would interest you call in and see us. We will not give it to you but we will sell it very very cheap and on very very easy terms. $500 cash, balance in 2, 3 and 4 years.

THEN we have a beautiful big acre just across the street from the normal school that would make a beautiful suburban home or it will make 10 great big lots.

VERNE H. CARTER,
Loans, Rentals and Insurance.
1144 J St. Phone 63.

20 ACRES 10 miles out, well improved. Will accept city property for first payment. Cash $5000.

MRS. SHELLY SAYS HER SON WAS MURDERED

Claims Three Witnesses Will Swear That Mexican Admitted Killing.

Evidence Will Be Placed in Hands of District Attorney Today.

That she can produce three witnesses who will take the stand and swear that on different occasions Francisco Rameriz has remarked to them and in their presence that he killed Fern Shelly on the night of January 27th of this year and that her son did not commit suicide, was the statement made last night by Mrs. Robert M. Shelly of 1440 F street.

Francisco Rameriz is a Mexican, and was arrested last Saturday by Patrolmen Gastner and McCall in company with Mrs. Sadie Shelly, wife of Fern Shelly, who was supposed to have taken his life because of the unfaithfulness of his wife, and lodged in the county jail on charges of vagrancy. The police allege that Rameriz and Mrs. Shelly have been living together as man and wife for the last few weeks and that it was for that reason that the couple were arrested.

From another source it was learned that Rameriz was suspected of the murder of Shelly and that he was arrested on the vagrancy charge only in order to keep him from leaving the city. Mrs. Shelly was arrested in order to use her as a witness at the trial should a warrant be issued charging Rameriz with the crime.

Mrs. Shelly, mother of Fern, last night declared that she had never once thought that her son had committed suicide. She declared that she had been working on the case ever since her boy was found dead in his front yard at 2162 F street and that she had found one woman and two men who were willing to testify that Rameriz had told them that he killed Shelly.

It was only yesterday that Mrs. Shelly visited the county hospital and had a long conversation with Mrs. Rice, mother of Sadie Shelly who is in jail. Mrs. Rice and her husband and Mrs. Sadie Shelly were known to have been at home at the time Shelly came to his death in his front yard.

Immediately following the supposed suicide evidence pointed towards Rameriz, but he had left the city and is said to have only returned about two or three weeks ago.

Another fact which is pointed to, is that Rameriz and Shelly had a fight just a few nights before the death of the latter. According to the mother of Shelly, her son returned to his home late one night and found Rameriz in company with his wife. Shelly beat Rameriz and during the fight the police were called and the two men were arrested but were released the next day and nothing more was done with the case. Rameriz is alleged to have then made a threat that he would "get" Shelly for striking him in the face.

According to Mrs. Shelly, Sr., one week previously to the death of her son, he came to the home of his parents and informed his father, mother and sister, that his wife had given his revolver to Rameriz with the supposed intentions of killing him when the opportunity came. It is claimed that Rameriz showed the gun to a Mrs. Holden and told her that Mrs. Shelly had given it to him to kill her husband, but since the death of Shelly, Mrs. Holden has died and Mrs. Shelly, Sr., did not get a death statement.

Just what action will be taken in the case is not known at the present time. Mrs. Shelly, Sr., was supposed to have consulted Deputy District Attorney McCormick yesterday but owing to a misunderstanding Mrs. Shelly did not put in her appearance at the courthouse. She declared last night that she would probably call upon Deputy McCormick this morning.

Last Saturday afternoon Mrs. Shelly, Sr., called upon Chief of Police Shaw and gave him the information that she had received. Detectives Goehring and Knight were detailed on the case and they questioned the witnesses that Mrs. Shelly had secured. These witnesses told their story to the police detectives and said that they would be willing to swear to the facts on the witness stand. Mrs. Lopez intimated that she knew more about the supposed murder than just the fact that Rameriz made the statement in her presence that he killed Shelly, but she refused to say anything more. She said that she would tell everything if the case was ever brought to a trial.

At the time of the death of young Shelly the police officers discredited the story of suicide but they were unable to bring to light any facts that would show he was murdered. They could not find any witnesses who saw the shooting and his wife and her parents both testified that when Shelly passed through the front door and into the yard he said "goodbye" and a few seconds later a shot rang out.

The coroner's jury deliberated for over an hour before they arrived at the verdict that Shelly came to his death by his own hands. Coroner Bean and District Attorney Church at the inquest suggested that Shelly would have been unable to place the long barrel rifle against his temple and then reach the trigger, but Dr. W. T. Burks demonstrated how it could be done so the suicide verdict was rendered.

The police were not satisfied that Shelly committed suicide and they have been quietly working on the case. If Deputy District Attorney McCormick decides that the prosecution can make any kind of a case against Rameriz a warrant will be issued, charging the Mexican with the murder of Shelly.

POLICE CHIEF SHAW IS TAKING VACATION

Sergeant Thos. Coyle Will Be Chief Until September 1.

Police Sergeant Thomas Coyle will be at the head of the Fresno police department until the first day of September, when Chief Jones will assume the office of chief of police. Chief William Shaw yesterday practically severed his connections with the police department, but Shaw will be at police headquarters off and on until he turns over his star to Chief Jones. While Coyle is acting chief Patrolman McCall will be night sergeant.

"I am taking my annual vacation," said Shaw last night, "and while I am not actually at the head of the department up to the first of next month I will be in the office settling up my affairs and will give Mr. Jones any advice that he may desire. I did not take my annual vacation earlier in the summer. I may be out of the city for two or three days, but I will return in time to turn my star over to Mr. Jones."

AUTO STOLEN FROM FRONT OF FORSYTH

Mr. Nutting, who resides at the Golden Gate apartment house on K street, shortly after midnight reported to Patrolman Caldwell that some one had stolen his machine from in front of the Sequoia grill. Nutting claimed that he left his machine in front of the Forsyth building about 8 o'clock last night and that when he returned at midnight the auto was gone. All of the patrolmen in the city were notified of the loss of the machine. It is thought that perhaps the automobile was taken by boys for a "joy ride" and that the machine will be found by the roadside this morning. The license number on the machine is 37568.

"Were all medicines as meritorious as Chamberlain's Cholic, Cholera and Diarrhoea Remedy the world would be much better off and the percentage of suffering greatly decreased," writes Lindsay Scott, of Temple, Ind. For sale by all dealers.

TRUSTEES INVITE EAST FRESNO TO COME IN

City Will Gain 320 Acres, But No Increase in Population.

Protest Against Sierra Drive—Street Work Ordered or Contracted.

At last night's meeting of the city trustees, the petition for the annexation of East Fresno was granted. This consists of 320 acres, and has been improved with streets, concrete curbs and sidewalks. The land is to be put on the market by the Traction company under the name of Alta Vista.

The petition was signed by residents of the city numbering one-tenth of the registered voting population at the last election.

East Fresno will come into the city under unique circumstances. The territory to be annexed is unpopulated, but to be taken into the city an election must, notwithstanding, be held with affirmative vote expressing the willingness to have the outside territory come into the corporate fold. As it is unpopulated there will be no polling place in the outside territory and only one inside of the city, so that the election cost will be a nominal matter. As City Attorney Kauke summarized the matter: "There's no one out there to vote, and the owners of the land are giving the land to the city for taxation purposes and the small expense to the city of the cost of the election."

The territory to be annexed is bounded on the south by a strip of two tiers of blocks fronting on Ventura avenue.

"Why don't we annex that also at the same time?" was asked.

"Because those blocks are populated and the fear is that the people there might vote to defeat annexation," was the reply.

The board granted the request for annexation and this resolution to be presented to the supervisors will furnish the basis for a like resolution by them that the territory may recede from the county at large and go into the city. Thereupon will follow the setting of a day for the election with the foregone result of the addition of 320 acres of land to the corporate limits.

LA SIERRA DRIVE

Protest was received against the continuation of La Sierra drive, or rather the addition to it, to Zapp's Park. The protestants were invited to appear before the board at its next regular meeting. The protestants are headed by former Assessor G. W. Cameron and are the owners of lands in Bloomington addition. Among the grounds of protest are that to build higher the north levee will prevent a natural drainage of the land on the south side of the canal, that the improvement is not necessary for the public good and benefit and the value of the land taken for the drive will be disproportionate to that of the benefits to be derived.

FRESNO STREET PAVING

Resolution of intention was passed and specifications adopted for the 5-inch asphalt concrete paving of Fresno street from the subway at G street westerly to A street. This action was taken on a petition for the paving signed by more than 51 percent of the frontage.

City Engineer Jensen explained that the specifications call for the same character of paving as will be put down on Kern street, with one departure. To furnish better surface drainage, the gutter on the southeast side will be lowered to permit of a 10-inch instead of an 8-inch gutter way, and making the five cross culverts conform with this change in the gutter.

For the protection of the subway entrance at G and Fresno from surface flood waters, the engineer suggested that at the same time that the paving work proceeds, a culvert be placed there for drainage, also a concrete approach over the gutter way at the engine house at F and Fresno. All this was agreed upon.

SIDEWALK ON H

Granted also was the petition of property owners in block 53 on H street fronting the hay market, asking for permission to lay down an asphalt concrete sidewalk on the east side, J. S. Bering, Frank Short and others being the petitioners. The request was granted under suitable specifications to be drawn.

KERN STREET PAVING

Resolution calling for bids was passed and ordered to print for the paving with 5-inch asphalt concrete of Kern street from K to Santa Fe.

MORE SEWERING

Resolution was passed authorizing S. B. Tombs to enter into contract with the property owners for the sewering of block 9 in Woodward's addition, conditionally, however, that Tombs pay the costs that the city has already incurred in publishing the resolution of intention to do this work. These costs will total about $17.

Resolution of of intention was also passed to sewer blocks 5 and 6 in the same addition.

RESURFACING I STREET

Two bids were received for the resurfacing of I street between Fresno and Mariposa, as the first of the oldest downtown streets that are to be resurfaced and guttered. The California Roads and Street Improvement Company presented figures and bid $3251 as the total cost of the work and the Worswick Street Paving Company $3500. Engineer Jensen figured the cost on the detailed bids at $3312 and $3449.66, respectively, and the new company as the lowest bidder was awarded the contract.

SEWER CONTRACT AWARD

For the sewering of blocks 24 and 25, H. P. Bier bid $541.18, Thompson Bros., $600 S. W. Redman $650 as against the engineer's estimate of $591.50. Contract awarded to Bier.

FIRE ORDINANCE

The board was prepared to pass to print the ordinance amending the fire district limits by including the east half of block 80, bounded by Kern, K, Inyo and the alley, and including block 32 in the oriental quarter bounded by Kern, Inyo, F and G. Action was postponed until the next meeting, when with a full board in attendance the ordinance can be unanimously passed, saving the cost of publication. If passed to print last night, the final passage would have to be delayed until the next meeting and then would be the added cost of publication, so in time nothing was lost by delay.

In order to legalize the next regular meeting on September 4th (Labor Day) a formal resolution was passed, as the charter requires.

ADVERTISE LABOR DAY IN TOWNS OF COUNTY

Posters Are Distributed By Committee Telling of Celebration.

Now that arrangements have practically been completed locally for the big Labor Day celebration in Fresno, the members of the committee having the celebration in charge are busy putting up posters in surrounding towns advertising the various attractions. Inasmuch as none of the neighboring towns are planning any celebration, it is believed that many thousands will come to Fresno on that day.

A committee of four put up posters in Parlier, Reedley, Clovis, Sanger, Dinuba, Kingsburg, Centerville, Selma, Fowler and Malaga on Sunday and last night F. P. Lamoreux left for Hanford and Coalinga to placard those towns.

The Labor Day committee has sent invitations to 18 outside local unions to participate in the Labor Day parade here and it is believed that the majority of the unions invited will be in line. The local unions are demanding that every one of their members be in line.

The Labor Day committee will hold its next meeting Wednesday night.

SANTA CLARA GROWERS SET NEW PRICE MARKS

Agree To Hold For 10 1-2 Cents For Peaches; Market In Good Condition.

With prices for dried fruits soaring higher than ever, the farmers of the Santa Clara valley are determined to hold for even higher prices. At a meeting of the Santa Clara county fruit growers held in San Jose on Sunday, it was decided to wait until the market prices had advanced another notch. The prices asked are peaches, 10½ cents; apricots, 13 cents; prunes, 6 cents.

Locally there has been practically no change in the situation. Offers of 8½ cents have been made for Thompsons and with the fall of the Eastern green fruit market, it is believed that growers will take advantage of this offer.

The market for Muscats is still firm, the growers holding for 4¾ and 5 cents while the packers are refusing to offer more than 4¾. One local packer had buyers in the field all last week, in the colonies around Fresno, offering 4¼ cents and he reported yesterday that he was unable to get a pound of goods, as the growers' ideas are higher.

Around Selma, Fowler and Kingsburg, it is said, the raisin crop has been practically all bought. There has not been so much buying around Fresno.

The peach market is quiet here but advices from the East indicate that the trade there is quoting in conformity with the 10-cent prices paid here. There is no disposition on the part of the growers to part with their goods for less than 10 cents.

The apricot crop of the San Joaquin valley is very small while in the Santa Clara valley it is estimated that the crop will amount to about 125 tons. The canning and drying season is open there in full blast, while here it is generally believed the season for drying will not open much before the middle of September as the grapes have not fully matured and do not possess sufficient sugar.

GREEN FRUIT MARKET IS STILL DEPRESSED

Malagas Only Fruit That Is Holding Its Own In East Now.

The green fruit market in the East for California goods, has not shown any material signs of advancement and it was stated yesterday that Thompson shippers have been receiving nothing for their goods, all the receipts being used in the payment of freight, packing charges, etc.

Malaga grapes seem to be the only California fruit that is maintaining anything like a respectable position on the market and with the increase in shipments from here, prices on this fruit are also beginning to go down in some extent. Malagas are selling for from $1.35 to $1.50 per crate and are average about $1.35 per crate in the most of the cities. Thompsons are bringing from 65 to 90 cents and Elberta peaches are bringing from 65 to 80 cents per crate.

More Thompsons have been shipped East this year than probably ever before in the history of the California fruit industry. Last year although the Thompson crop was normal, very few were shipped and good prices were received. This year, with the crop short, growers argued that good prices would again prevail and as a result, the heavy movement of Thompsons was made. The prices have fallen below what even the most pessimistic believed the low water mark this year and the growers are now receiving red ink.

TEAMSTERS' UNION TO BE ORGANIZED

A local union of teamsters, to be affiliated with the international union of teamsters, will be organized in Fresno today by Tom C. Seigward, vice president of the State Federation of Labor. Labor organizations are planned in the near future in this city in the campaign the State Federation of Labor has instituted here. This campaign was decided upon at the last meeting of the executive committee.

DIES IN SPOKANE

Word was received here yesterday of the death Sunday in Spokane, Wash., of Otto Richter. He succumbed, following an operation for appendicitis. He was aged 31 years and 11 months. He leaves in this city a brother and a sister, Edward and Cora Richter.

DENVER, Colo., Aug. 21.—Samuel W. Gompers, president of the American Federation of Labor who has been in Denver since Saturday left this afternoon for Salt Lake City.

BOARD MAKES READY TO OPEN FRESNO SCHOOLS MONDAY, SEPT. 11

Teachers Assigned, Changes From Last Year are Few; Books Ordered.

Only Six of the Unassigned Teachers Left—Janitors to Go to Work on 1st.

"Getting ready for school" is the way the members of the board of education characterized their work at the board meeting last night. Teachers were assigned. Janitors were elected and instructed to go to work September 1st, in order to have the buildings thoroughly cleaned and everything arranged for the opening day, Monday, September 11th. Dictionaries were ordered, and in fact, everything was provided that was deemed necessary to the operation of the schools in the best manner.

Steps have been taken to have every room in which there were cases of infectious maladies last year, thoroughly fumigated by the city health officer, who is equally determined as the board to provide healthful quarters for the children this year. The list of thirteen officers and officials selected for normal work by the joint committee of the boards last Friday night was approved. The resignation of Miss Rebecca Stahl, who taught at Lincoln school last year was accepted. Twelve of the list of eighteen unassigned teachers and those returning from leave of absence have been assigned. It is believed that some of the remaining six may soon be used. It was decided to use the Presbyterian Mission church for some of the primary classes in Arlington Heights.

Few changes were made from last year in the assignment of teachers. Franklin and Jackson schools received the greatest changes. The teachers were assigned as follows:

Supervisors—A. G. Wahlberg, music; W. B. Givens, manual training; Hannah Bynon, drawing; Mildred Linendoll, domestic science; Belle Millward, assistant, domestic science.

Junior College and High School—F. Liddoke, principal; J. A. Nowell, G. H. Huntting, J. B. Corcoran, H. W. Stager, B. A. Stagner, J. A. Daly, Helen L. Crandall, Katherine M. Douglass, Annie E. Durkee, F. M. Fulstone, Ruth E. McGrew, Jeanette Minard, Esther Phillips, Edna E. Rowell, Maude Schaeffer, C. P. Scoville, Pearl M. Small, T. L. Kelley, Alice B. Smith, Agnes Hart, Lucia M. Wallace, J. W. Warner, Mary M. Wasson, W. M. Scott, Florence Robinson.

Columbia school—J. J. Duvall, principal; Gussie Stephens, Ida O. Bailey, Clyde Elam, Blanche Boughton, Nellie M. Albee, Rose Homan, May M. Mosher, Nellie Hamilton, Grace Kimball.

Emerson school—A. E. Balch, principal; W. L. Worth, vice principal; Alice Shepard, Rowena Smith, Laura Scott, Wilmena Grunig, Viola M. Landrum, Alice Williams, Gladys Ellis, Mabel Newell, Anna MacKenna, Bertha Brockington, Annie M. Overholt, Vivian White, Eva M. Storer, Ida Stevens, Emma Van Dusen, Mabel Guinn, Georgia Barker.

Franklin school—T. Floyd Bell, principal; Bessie L. Rhodes, Minnie Stevens, Maggie Gillispie, Margaret Patterson.

Hawthorne school—D. D. Davis, principal; W. A. Benner, vice principal; Annie G. Harvey, Claudia Hunsicker, Ida Baker, Luella Sweitzer, Mildred G. Hicks, May M. McCardle, Frances Moranda, Louise C. Eley, Kathryn Daly, Fern Vaughn, Ruth Dickenson, May A. Fitzgerald, Mary Wolcott, Susan M. Roberts.

Jackson school—H. F. Hughes, principal; Georgia Welch, Hattie E. Janes, Eleanor Hartley.

Jefferson school—E. E. Ball, principal; Mattie F. Lowden, Edith Rosendahl, Mary C. McKenzie, Marion E. Powell, Sallie Sledge, Ida V. McDonald, Winifred Sledge, Evangeline Ellis.

Kirk school—T. N. Grimsley, principal; Grace Niblock, Clare P. Westphal, Nellie Bordon.

Lincoln school—Robert McCourt, principal; Mary E. Crofoot, Grace Baldwin, Jessie Kenyon, Jennie M. Whitney, Ivy A. Martin, Margaret Todd, Charlotte Golden, Cecil Garlinghouse, Bertha Smith, Emily Dahlgren, Blanche L. Mitchel, Myrtle Akin, Blanche Price, Ella Miller, Mary Storer, Winifred N. Wear, Jessie MacDonald, Rachel C. Bynon.

Lowell school—C. W. Edwards, principal; Amy G. Algeo, Esther L. Dahlgren, Edna Board, May Pemberton, Nita A. Blayney, Bessie Hays, Ethel McCabe, Isabel Hurd, Katherine M. Curran, Mary L. Westover, Cloie Loveall, Mabel W. Minard, M. Louise Whitney.

Washington school—F. M. Lane, principal; W. B. Violette, Mabel MacDonald, Ida M. Bacon, Blanche Schaeffer, Catherine Baithis, Ida B. Kirkman, Mary L. Hines, Margaret Wear, Mame Russell, Isabella Garlinghouse, Verna B. Carson, Harriett Baker, Marion Lewis.

Webster school—W. B. Munson, principal; Maude E. Burnett, Fannie O. St. John, Emma N. Davis, Alice Stockton, Pearl Hagaman, Kate B. Helskell, Jessie Price.

Parental school—J. W. Cappleman.

Kindergarten—Marie Houston, Elizabeth B. Nayson.

Unassigned teachers—Alice Haney, Anna Carmichael, Hattie Bedford, Cora Wallace, Daisy Wheeler, Gertrude Sewell.

What Paint Shall I Buy

Do you know anything about the merits of paints? Can you tell good paint from poor?

If you don't know anything about paint, you should buy paint that is known to be of the very best quality. Then you are sure to make no mistake. You are safe from errors that may prove expensive to say nothing of the aggravation of being mistaken and getting paint that proves unsatisfactory. Get it from us.
